ADMISSION PROCEDURE

THREE-YEAR BACHELOR OF ARTS DEGREE / DIPLOMA PROGRAM

Academic Year 2015-2016

1. ENTRY ASSESSMENT TEST

Through the entry assessment test, NABA intends to understand your motivation and attitude in undertaking the chosen program. A strong motivation and solid awareness of the contents of the program guarantee your commitment and determination with which you will attend the Academy.

NABA offers two different Entry Assessment Tests:

- A DISTANCE EVALUATION THROUGH PORTFOLIO ASSESSMENT + PERSONAL INTERVIEW**
- B ON CAMPUS TEST + PERSONAL INTERVIEW**

A DISTANCE EVALUATION THROUGH PORTFOLIO ASSESSMENT

Creativity is not an abstract exercise, on the contrary, it requires the ability to contextualize elaborate information and look for new solutions with an open spirit capable of listening and interacting. Through the portfolio assessment, NABA will evaluate your capability to take decisions in terms of selection of your works and way to present them together with technical skills already known.

The assessment test consists of:

PART 1: PORTFOLIO SUBMISSION

A portfolio of projects is the presentation of yourself, of your previous academic and/or professional and/or amateur experiences. There's no need to include many projects rather a selection of your main works either academic or professional or amateur that will let us understand your skills and potentials. Each portfolio will be assessed taking into account creativity, commitment, original ideas, layout, and technical skills.

Guidelines to the preparation of the **Digital portfolio**:

- Personal information: name, surname, date and place of birth, nationality, address, email address, telephone nr.
- 5 to 10 projects: each project should be divided into separate folders (they can be drawings, illustrations, computer graphic, photos, videos, ...)
- Each project should have a pdf description containing: title of the project, year of production, information if it is a project developed at school, on your own, ...
- Digital formats:
 - Photos, graphic projects, drawings, sketches: PDF (including fonts), JPG or PNG 300 dpi
 - Websites: complete folder including html, css, images, swf, other. If it is online: please provide us with the url web
 - Videos: MPEG4 or AVI
 - Texts, researches or presentations: PDF

For more suggestions on how to prepare a portfolio for each of the 6 BA programs offered by NABA, please read the document "Portfolio Submission".

PART 2: PERSONAL INTERVIEW

The examination board intends to evaluate your general cultural level not as a mere evaluation of notions, but in connection with attitudes, motivations and knowledge of arts, design (in its general aspects), communication and new technologies. During the interview you will have the chance to talk about the projects presented in your portfolio which will have been previously reviewed by the Faculty.

In the global evaluation, NABA will take into account and will consider especially relevant the attitude in undertaking the Program and the related professional role. The lack of specific preparation in some of the subjects that are part of the admission test, due to the different educational background that a student might have, will not result in prejudice to the final admission, on condition that the vocational elements have been positively assessed.

RESULTS Once the whole assessment test is complete, you will receive a feedback about the final result within 5 working days. If the result is positive, the admission letter will be issued and sent to you.

NABA may offer you a conditional admission if you do not have yet submitted the language certificate, copy of your diploma and Declaration of Value (the last one only for BA applicants). If you are conditionally accepted, you will have to make sure you submit the missing documents by the course beginning.

The Distance evaluation through portfolio assessment can be scheduled on request from October to September 2015.

B ON CAMPUS TEST + PERSONAL INTERVIEW

NABA aims at understanding your attitude to research and your way of dealing with a given project. You will be asked to work on a simple project starting from a topic that will be sent to you in advance so that you will have the possibility to think about it and gather necessary information. Through this kind of admission test, NABA does not ask to find a given or definite solution but gives the possibility to set a work that will be discussed during the Personal Interview.

The admission test consists of:

PART 1: RESEARCH ON THE GENERAL SUBJECT *(Two weeks prior to the admission test)*

You are called to conduct a research, collect images, information, newspaper/magazine articles, pictures and anything else you will consider appropriate and consistent with the general subject.

PART 2: PROJECT DEVELOPMENT *(Day 1 of the admission test)*

According to the program of your choice, you will be invited to develop a project. Creative proposals might be presented through drawings, sketches, free-hand projects, accompanied by a text explaining and motivating your choices. Images might be taken from magazines or already existing material taken from your initial research. The purpose is to assess your potential as well as your expressive and creative abilities.

A **motivation statement** shall also be submitted; you will have to explain the reasons why you wish to study at NABA and why you chose that specific program.

PART 3: PERSONAL INTERVIEW *(Day 2 of the admission test)*

The examination board intends to evaluate your general cultural level not as a mere evaluation of notions, but in connection with attitudes, motivations and knowledge of arts, design (in its general aspects), communication and new technologies. Throughout the interview you will have the opportunity to discuss the developed project that has been previously examined and evaluated by the examination board.

In the global evaluation, NABA will take into account and will consider especially relevant the attitude in undertaking the Program and the related professional role. The lack of specific preparation in some of the subjects that are part of the admission test, due to the different educational background that a student might have, will not result in prejudice to the final admission, on condition that the vocational elements tested throughout the test have been positively assessed.

RESULTS Once the whole assessment test is complete, you will receive a feedback about the final result within 5 working days. If the result is positive, the admission letter will be issued and sent to you.

NABA may offer you a conditional admission if you do not have yet submitted the language certificate, copy of your diploma and Declaration of Value (the last one only for BA applicants). If you are conditionally accepted, you will have to make sure you submit the missing documents by the course beginning.

The on campus test session for the academic year 2015/2016 is scheduled for September 17 and 18, 2015.

8. ENTRY REQUIREMENTS FOR THE BACHELOR OF ARTS DEGREE PROGRAMS ACCORDING TO THE ITALIAN MINISTRY OF EDUCATION, UNIVERSITY AND RESEARCH

In order to be eligible for admission to Italian universities/academies and therefore to be admitted into the NABA Bachelor of Arts Degree Programs, the Italian Ministry of Education, University and Research has set the following mandatory regulations:

Students wishing to enrol in the three-year Bachelor of Arts Degree Programs are required:

- to possess a diploma equivalent to an Italian secondary school diploma (*maturità*) which is recognized by Italian diplomatic authorities, or the *maturità* diploma itself;
- the diploma must be translated into Italian and legalized by the Italian Embassy or Consulate in the country where the diploma was issued, regardless of the school's actual location. For example, the diploma of a German school which is located in France must be validated by the Italian Consulate in Germany. The Embassy or Consulate will provide a "Declaration of Value" for the diploma;
- the foreign diploma must be obtained at the end of a period of study lasting at least **12 years**;
- if the diploma was obtained after 11 years of education, it must be integrated with additional 1 or 2 years of college or university; all exams must be passed and admission respectively to the second or third year of your university must be granted;
- the **International Baccalaureate (IB) diploma** is valid for admission to an Italian university;
- the International Baccalaureate "certificate" is not valid for admission to an Italian university;
- the **U.S. High School diploma** must be supplemented by 3 advanced placement tests that relate to the chosen program, or by 2 AP tests related to the chosen program plus 1 AP test in Italian language and culture if applying for BA run in Italian language.
- **GCE diplomas** are valid only if 6 different subjects have been passed, and 3 of them are A levels related to the requested program.

For any questions about the validity of your diploma, we kindly suggest that you contact the Italian diplomatic authorities in the country where your diploma was issued.

For a complete list of Italian diplomatic authorities worldwide please log on:

www.esteri.it/MAE/IT/Ministero/Servizi/Italiani/Rappresentanze/

8.1 CONSULAR PROCEURES

Students meeting the requirements listed at Point 8 are invited to contact the Italian Embassy or Consulate in order to:

1. SUBMIT THE PRE-ENROLMENT FORM (A BIS FORM) - NON-EU STUDENTS ONLY

The deadline to submit the "A bis" pre-enrolment form varies according to the yearly guidelines provided by the Italian Ministry of Education and must be checked directly by the student with the local Italian Embassy/Consulate (the pre-enrolment sessions are usually scheduled between May and June of each year).

Make sure you do not miss this deadline or your will be refused your study visa for enrolment to Italian Universities/Academies.

It is thus essential to do your pre-enrolment according to the established deadlines fixed by the Italian Embassy/Consulate.

This is a very simple step which will allow you to book your seat within the quota which is yearly made available to non-EU passport holders. The Abis form can be downloaded at the following link:

www.study-in-italy.it/studying/pdf/Modello_A-bis.pdf

2. OBTAIN THE DECLARATION OF VALUE OF THE HIGH SCHOOL DIPLOMA

The Declaration of Value (Dichiarazione di Valore in Loco) is part of a process called "PERFEZIONAMENTO DOCUMENTI", necessary for all students who have gained a high school diploma different from the Italian one called *Maturità*, and which consists in:

A. **Translation into Italian - made by a certified translator - of your original Secondary School Diploma** (or substitute certificate) legalized by the competent authorities in the country where the diploma was issued.

B. **"Dichiarazione di valore in loco" (Declaration of Value) of your Secondary School Diploma.** The "Dichiarazione di valore in loco" is the document attesting that the study qualification you obtained is valid for accessing Italian Universities/Academies.

In order to complete the "perfezionamento documenti", the Italian Embassy or Consulate may also require:

- A certificate attesting that the **University Entrance Examination** in your country of origin has been passed (i.e. Selectividad in Spain, Gao Kao in China, ÖSS in Turkey, ...)
- Two passport pictures (one of them will be legalized by the Italian Embassy or Consulate)

More information can be found on: www.study-in-italy.it/studying/info-07.html

The legalized and translated documents, as well as the Declaration of Value will be issued directly to you. Please make sure you submit them to NABA International Admissions Office as soon as available. In fact, **your admission to NABA Bachelor of Arts Degree Programs will be confirmed only after you have completed the “perfezionamento documenti” and provided the Academy with the hard copy of your Declaration of Value and the requested language certificate.**

9. ENTRY REQUIREMENTS FOR THE DIPLOMA PROGRAMS

Students who lack prerequisite requirements for admission to the three-year Bachelor Degree Programs can attend the same Programs without gaining credits. Diploma Programs have the same curricula and the same examinations as the BA Programs, however they lead to the awarding of a NABA diploma and not degree.

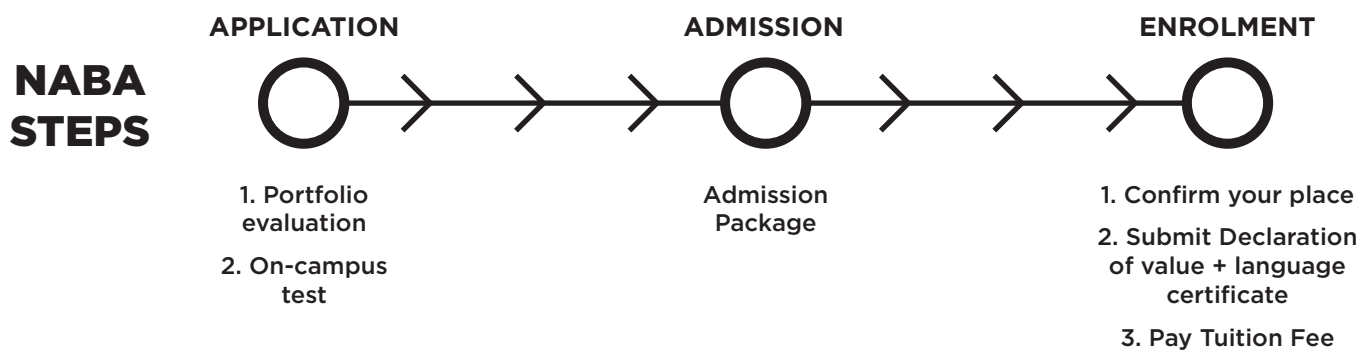

The entry requirements for the Diploma programs are the following:

1. hold a secondary school diploma (having followed a period of study lasting at least 11 years)
2. pass the NABA entry assessment test
