

Tacoma Public Schools

 search.student-management.com/property/tacoma-public-schools/

Tacoma Public Schools has been a “lighthouse” district for many years and often leads the way for the state’s 296 districts in piloting new programs and implementing innovative ideas. The vision for Tacoma is to be an outstanding school district in which all students exhibit high standards of achievement and are socially responsible, contributing members of their community. Partnerships are formed with students, parents, and community members so students have support in order to reach these high standards.
