AN INTERNATIONALLY RECOGNISED UNIVERSITY

international.curtin.edu.au

Why Curtin?

Join more than 50,000 students from around the world studying at a global university ranked among the world's best.

Western Australia's largest and most multicultural university, Curtin is a vibrant international organisation with a proud history and an exciting future. With the vision to be an international leader in research and education that changes minds, lives and the world, we welcome more than 50,000 students from over 130 countries. This includes more than 17,200 international students—Australia's third-largest international student population.

Acknowledged globally for our commitment to cultural diversity and international engagement, Curtin is consistently rated among the world's top universities by rankings agencies such as the Times, QS and Shanghai Jiao Tong. In 2012, the QS World University Rankings ranked Curtin among the world's top 300 universities, as well as in the world's

top 50 universities aged under 50 and number one in the state. The Times also ranked Curtin as one of the world's top 100 universities aged under 50, and number one in Western Australia.

Located six kilometres from the centre of the Western Australian capital city of Perth, Curtin's Bentley Campus is the flagship of several in the Asia-Pacific region. Our other campuses include Sydney, Singapore and Sarawak, and we have partnership agreements to deliver courses at education institutions in countries such as Hong Kong, China, Malaysia, Mauritius, Sri Lanka, Vietnam and Indonesia. The University has also developed strong long-term partnerships with more than 90 institutions worldwide, which can lead you to opportunities for career development, travel and further study.

Offered at undergraduate, postgraduate and doctoral levels, Curtin's courses are delivered through four specialist faculties (see page 35). Combining theory with practical study and often incorporating relevant industry placements, our programs are linked closely with industry, business and government, taking you beyond the classroom and into the real world. You can tailor your studies to your own needs, with opportunities to transfer between campuses, study online, and more. It's this commitment to providing flexibility and practical experience that means you'll graduate from Curtin with the skills and knowledge you'll need to launch your career anywhere in the world.

FAST FACTS

Curtin is ranked by QS as one of the top 300 universities in the world and among the top 50 institutions aged under 50.

BECOME PART OF A GROWING COMMUNITY

Curtin Singapore

Curtin Singapore has been providing students with an excellent education in one of the world's most cosmopolitan cities since 2008.

Students at Curtin Singapore enjoy first-rate facilities, high-calibre staff, innovative teaching methods and links with industry practitioners. The campus is located just outside the central business district, nestled in beautiful gardens that provide a peaceful study environment. The courses offered by Curtin Singapore are taught using the same structure and content as courses offered at Curtin's Bentley Campus in Western Australia.

- Master of Science (Clinical Leadership)
- Master of Science (Project Management)

TAKE ADVANTAGE OF FLEXIBLE STUDY OPTIONS

Curtin Sarawak

Curtin Sarawak is the largest offshore campus of Curtin University and is located in Miri, Sarawak's second largest city.

The first foreign university campus to be established in East Malaysia, Curtin Sarawak was opened in partnership with the Sarawak State Government in 1999. The campus is located 20 kilometres from the city centre in the suburb of Senadin, and features buildings modelled on those at Curtin's Bentley Campus. Curtin Sarawak boasts contemporary equipment and facilities, on-campus housing, and sophisticated IT that links students to resources from the main campus.

With some 3,500 students from more than 40 countries, Curtin Sarawak offers students a truly international and cross-cultural environment. A range of undergraduate and postgraduate courses are available, as well as courses at pre-university level that feed directly into its undergraduate programs. As the courses offered at Curtin Sarawak are identical in structure to those at the Bentley Campus, students can transfer between campuses without disruption to their studies.

As one of the largest executive graduate schools of business in the Asia-Pacific region, the Curtin Graduate School of Business (CGSB) maintains its reputation for industry relevance by partnering with key players across industry and enterprise. The campus is located in Perth city, placing you conveniently at the centre of the city's business district. All of CGSB's academics have significant experience in industry and blend current research with practice, bringing you a comprehensive integration of classroom and real-world learning.

The CGSB offers a range of executive business courses, including the internationally accredited Master of Business Administration (MBA) with specialisations available in oil and gas or strategic procurement. Curtin's MBA is accredited by the highly respected UK-based Association of MBAs (AMBA), and holds CEL and EPAS accreditation through the European Foundation for Management Development (EFMD).

The CGSB is also home to the prestigious Master of Business Leadership (MBL), aimed at senior executives wanting to explore and develop their leadership acumen. The Department of Mineral and Energy Economics offers the Master of Science (Mineral and Energy Economics)/Master of Business Administration, the only program of its kind in the world. The CGSB also offers PhD and Doctor of Business Administration programs.

Curtin's Western Australian School of Mines (WASM) is located both at Curtin University's Bentley Campus and at Kalgoorlie-Boulder, a thriving inland city located 600 kilometres east of Perth in the heart of Western Australia's Goldfields region. As a result of WASM's dual-campus structure, students are exposed to different learning environments throughout their studies.

A degree from WASM will prepare you to work within the minerals and resources industry, one of the most important sectors to the state, national and global economy. Since 1904, WASM has been offering a range of internationally recognised undergraduate and postgraduate studies in mining engineering, metallurgical engineering, surveying, geographic information science, applied geology, and exploration geophysics. There are also short-term, industry focused training courses offered throughout the year.

Student housing is located only a short walk from the campus at Agricola Residential College, which received funding for a A\$20 million upgrade in 2012. The college has a recreational room, squash court, music room, and weights and training room, as well as free-to-use barbecues in the outdoor leisure area.

WASM boasts a cohort of enthusiastic students from nationalities across the world. The world champion 'WASM Wombats' train in various forms of traditional mining techniques and compete overseas at mining games. This highly rewarding social activity has given WASM students an international reputation for success.

SERVICES AND SUPPORT

The campus has a library and resource centre with an extensive range of text and multimedia resources. Computing facilities include a 24-hour computer laboratory and CurtinLink, a campus-wide information management system connected to the internet and Curtin library. In addition to teaching facilities, the Kalgoorlie Campus also has a full suite of services that are supported by the comprehensive services offered at the Bentley Campus.

Home to the Centre for Wine Excellence, the Margaret River Education Campus has strong links with the Australian wine industry and offers a range of undergraduate and postgraduate courses in the areas of viticulture and oenology (wine science and winemaking), and postgraduate research programs at master and PhD levels.

SERVICES AND SUPPORT

The campus has a teaching winery with chemistry, sensory evaluation and research laboratories; a resource centre; computer facilities; and lecture theatres with automated recording technology (for online access to lectures). In addition to undergraduate teaching, Curtin also provides an important resource for local industry by providing pure and applied viticultural and oenological research. The campus also boasts a purpose-built art centre and 24-hour computer access.

Private accommodation is available in the Margaret River area, including rental properties, share housing and full board.

FOR MORE INFORMATION

A client services officer is available to advise students on general study, enrolments and campus resources.

FREEDOM AND FLEXIBILITY TO TAKE YOUR DEGREE OVERSEAS

Transfer pathways

Curtin has exciting opportunities for you to complete part of your degree overseas, with no interruption to your studies.

Once you have successfully completed 200 credits of an eligible program at either Curtin Singapore or Curtin Sarawak, you will be able to transfer to Curtin University in Perth for the remainder of your degree.

TRANSFER BETWEEN SINGAPORE AND PERTH

Curtin has combined study options that allow you to study at both campuses to complete your degree. The courses offered at Singapore are identical to those offered in Perth, and all aspects of the programs—from the curriculum to the calibre of the academic staff—remain consistent between the two campuses.

This study option is available for Bachelor of Commerce students. You can choose from majors in:

- Accounting
- Accounting and Finance
- Banking and Finance
- Finance and Marketing
- International Business
- Logistics and Supply Chain Management
- Management and Marketing
- Marketing
- Marketing and Advertising
- Marketing and Public Relations
- Management and Human Resource Management.

INTAKES

Curtin University, Perth: February and July. **Curtin Singapore:** February, July and November.

COURSE FEES 2013 (A\$)

COURSE	CREDITS	TOTAL INDICATIVE COURSE FEE (CURTIN UNIVERSITY)	1 YEAR AT CURTIN SINGAPORE + REMAINDER AT CURTIN UNIVERSITY	2 YEARS AT CURTIN SINGAPORE + REMAINDER AT CURTIN UNIVERSITY
Bachelor of Commerce	600	82,800	65,879	53,158

TRANSFER BETWEEN SARAWAK AND PERTH

The transfer program between Sarawak and Perth works much the same as Singapore and Perth; however, the Sarawak program is available for the following bachelor degrees:

- Business Administration
- Commerce
- Engineering
- Mass Communication
- Science (Applied Geology)
- Technology (Computer Systems and Networking).

UNDERGRADUATE DEGREE PROGRAM 2013 COURSE FEES (A\$)

COURSE	CREDITS	TOTAL INDICATIVE COURSE FEE (CURTIN UNIVERSITY)	1 YEAR AT CURTIN SARAWAK + REMAINDER AT CURTIN UNIVERSITY	2 YEARS AT CURTIN SARAWAK + REMAINDER AT CURTIN UNIVERSITY
Bachelor of:				
Arts (Mass Communication)	600	80,000	59,325	38,351
Commerce	600	82,800	61,043	39,286
Engineering	800	132,700	107,525	82,350

INTERNATIONAL ENRICHMENT PROGRAM (CRICOS 006827G)

If you are studying a four-year bachelor degree at a recognised university, you are eligible to apply for the International Enrichment Program at Curtin.

The program will help you to improve your English language skills, and you will also earn credit towards your home university degree. Semester one will be spent studying the English Language Bridging (ELB) course at Curtin English, and during semester two you will study four units (100 credit points) at Curtin University.

PROGRAM FEES (A\$)

PROGRAMS	ELB	FOUR ACADEMIC CREDITS	TOTAL
One-year Enrichment Program: 17-week ELB program	8,100	10,800	18,900
Accelerated Enrichment Program: 10-week ELB program	4,950	10,800	15,750
Study Abroad (one semester/four academic units)	N/A	10,800	10,800
Optional IELTS test	N/A	N/A	317

For more information including ELB intakes, fees and entry requirements, see page 46.

GET OUT THERE AND SEE THE WORLD

international.curtin.edu.au

Overseas study

Curtin provides students with the opportunity to study overseas, with several different options depending on your individual circumstances and preferences. Opportunities are available throughout America, Canada, Europe, the UK, and Asia.

EXCHANGE TO CURTIN

If you are studying at one of Curtin's exchange partner institutions, you're eligible to go on exchange to Curtin for one or two semesters. The student exchange program is a non-award program you can study at Curtin to gain academic credit towards your home university degree. You will continue to pay fees to your home university and will not pay any fees to Curtin.

STUDY ABROAD

Study Abroad is similar to our exchange program except you pay your tuition fees to Curtin. Fees are A\$10,800 per semester.* Study Abroad applicants are not required to be currently attending one of Curtin's partner universities; you can be attending any recognised educational institution overseas.

Note: due to visa restrictions, some international students may not be granted a student visa to study abroad.

SERVICE ABROAD

The Service Abroad program is similar to Study Abroad in that you take regular classes at Curtin and pay tuition, but there is a community service component added to your study program.

For more information about all three of these programs, visit studyabroad.curtin.edu.au

EXCHANGE FOR CURTIN STUDENTS

If you are already a Curtin student, you can give your degree an edge by going on exchange to one of our partner institutions in 20 countries throughout Europe, Asia, Canada, America and the UK. You will experience a different culture and broaden your perspective, and the units you study will be credited towards your Curtin degree. You will continue to pay your tuition fees to Curtin, and will not pay any tuition fees to the host institution.

Visit studyabroad.curtin.edu.au/exchange-for-curtin-students/destinations.cfm for more information.

**Fees are correct at time of print and are subject to change.*

OFFSHORE PROGRAMS

Curtin's offshore programs make it possible for you to study a Curtin degree closer to home. Courses are available at Curtin's other campuses in Singapore, Sarawak and Sydney, as well as a large range of partner institutions across the globe including Hong Kong, China, Vietnam, Sri Lanka and Mauritius. Both undergraduate and postgraduate degree programs are available and studies can be completed on a full-time or part-time basis. Regardless of where you study, you will receive the high standard of education and international recognition associated with a Curtin degree.

For more information on courses available offshore, visit international.curtin.edu.au/offshore-programs.cfm

FAST FACTS

Curtin has seven campuses worldwide, including Sydney, Singapore and Sarawak.

LEARN ANYWHERE, ANY TIME

FAST FACTS

There are more than 30,000 students attending the Bentley Campus. That's a similar population to Geraldton, Western Australia's fifth-largest city.

Distance education

Studying externally gives you the flexibility to fit your degree around your lifestyle.

**The BA (Early Education) must be completed in an international school in kindergarten/pre-primary classes and the language of instruction must be English.
Note: international students are not permitted to study distance education while in Australia on a student visa.*

The Bentley Campus

Curtin's Bentley Campus is the flagship site of the largest and most multicultural university in Western Australia, and is the largest of our multiple campuses. Located just six kilometres from the centre of Perth, the Bentley Campus is close to public transport and has on-campus accommodation for 1,175 students. A wide range of services and support is also available, including a medical centre, childcare and banking facilities, international food outlets and an award-winning recreation stadium.

Bentley area map

Curtin's Bentley Campus is located near schools, housing and shops including Waterford Plaza, a shopping centre offering a range of restaurants, cafés, supermarkets and more.

CAMPUS SERVICES AND FACILITIES

Important student services and facilities include the International Future Students Centre, Curtin Stadium, Housing Services, Student Central, Curtin College, Canning College, Curtin English, Curtin bus terminal, and a medical centre.

CAMPUS HOUSING

Curtin's student housing facilities include Erica Underwood House, Guild House, Vickery House, and Kurrajong Village.

WATERFORD PLAZA

Located walking distance from Curtin, this diverse shopping centre features supermarkets, cafés, restaurants, takeaway, hairdresser, post office, travel agent, bank, and fresh food outlets.

VICTORIA PARK

A vibrant town located five kilometres from the city, Victoria Park is a melting pot of cultures and cuisines including Vietnamese, Nepalese, Thai, Lebanese, Chinese, Indian, Italian, Mexican, modern Australian, Indonesian, Japanese and more.

AQUALIFE CENTRE

One of Perth's finest aquatic and recreation facilities, Aqualife is conveniently close to Curtin and features a heated 50-metre outdoor pool, 25-metre indoor pool, indoor leisure

pool, hydrotherapy pool, spa, steam room, crèche, cafés, group fitness room, health club and function rooms.

WESTFIELD CAROUSEL SHOPPING CENTRE

Westfield Carousel is Perth's largest shopping centre.

PERTH CITY CENTRE

Located six kilometres north of Curtin University, the city of Perth is recognised as a premier national and international tourist destination. It is home to the Art Gallery of Western Australia, Western Australian Museum, State Theatre Centre, myriad parks and gardens, Northbridge Piazza, excellent dining and bars, and more.

PERTH BEACHES

One of Perth's greatest tourism drawcards, beaches such as Scarborough, Cottesloe and City Beach are located close to the city and are often complemented by nearby cafés, shops and excellent weather.

PERTH ARENA

Perth Arena is Western Australia's landmark home of live entertainment, music and sport. Located in the centre of Perth, it opened in late 2012 and features breathtaking design and leading technology.

MEET STUDENTS FROM ALL AROUND THE WORLD

FAST FACTS

Perth is home to more than 200 different nationalities and was ranked among the top ten most liveable cities in the world in 2012.

Accommodation

With 1,175 places available on campus and an extensive database of private accommodation options, Curtin's Housing Services Office will help you find a place to live.

Meet students from around the world living in on-campus accommodation or choose from a range of off-campus options located nearby.

ON CAMPUS

On-campus accommodation is always in high demand, so we recommend you apply immediately after receiving your Letter of Offer. The accommodation generally consists of single study bedrooms with shared facilities such as kitchens and bathrooms. A typical unit will accommodate six to eight students, and you will be responsible for your own cooking and cleaning. For more information about on-campus accommodation, visit housing.curtin.edu.au

OFF CAMPUS

A range of accommodation options are available in the suburbs surrounding the Bentley Campus. Rental prices will vary depending on the type and location of the accommodation you choose.

Curtin's Housing Services Office keeps a register of people in established households who are looking to share with others. Off-campus accommodation allows greater independence and privacy, making it ideal for mature-aged students and those with families.

Contact us

HOUSING SERVICES

Tel: +61 8 9266 4430

Fax: +61 8 9266 7455

Email: housing@vc.curtin.edu.au

REMOTE

For information about accommodation at other Curtin campuses, please contact the relevant campus directly.

For more information about student housing, including photographs and an online application form, visit housing.curtin.edu.au

Note: we recommend you arrive in Perth at least two weeks before the start of semester if you are looking for off-campus accommodation. This will give you time to settle into your housing and be ready for orientation.

MAKE THE MOST OUT OF LIFE ON CAMPUS

international.curtin.edu.au

University life, services and support

To make your time at Curtin as enjoyable and productive as possible, we have a range of services and support programs to enhance your career prospects, lifestyle, learning and wellbeing.

CAREER

Alumni: join a network of Curtin's staff and graduates and build valuable professional and personal connections.
alumni.curtin.edu.au

Curtin Careers Centre: promotes, supports and encourages students and graduates to develop the necessary skills to effectively identify and implement their career goals.
careers.curtin.edu.au

COMMUNITY

Chaplaincy and prayer facilities: the diversity of religious beliefs and convictions represented among students and staff at Curtin are supported through the Multi-faith Services, a qualified team of visiting chaplains who are recognised leaders in their faith community.
multifaith.curtin.edu.au

Curtin University Postgraduate Students' Association (CUPSA): the representative body of all postgraduate students studying at Curtin.
guild.curtin.edu.au/index.php/en/support-representation/student-representation/departments/cupsa

International Students' Committee: the main representative body for international students at Curtin.
guild.curtin.edu.au/index.php/en/support-representation/student-representation/departments/isc

Student Guild: a dedicated body of democratically elected students who protect the rights of all Curtin students. Services on campus include food outlets, a tavern and bistro, secondhand bookshop, and copy and design centre.
guild.curtin.edu.au

FAST FACTS

In 1957, a bushfire cleared a large area of the Bentley pine plantation. This eventually became the site for Curtin's main campus.

STUDENT FEES

In 2011, a change to higher education legislation was passed by the Australian Government, allowing universities to introduce a compulsory student services and amenities fee. At time of print, Curtin University anticipates this fee may be charged to international students in 2014. If charged, this fee will be used to support and further improve some of the services described in this section.

Further information will be available on University websites and will be included in the Letter of Offer to students applying to study at Curtin's Bentley Campus.

University life, services and support (cont.)

WELLBEING

Curtin Counselling Service: Curtin provides a free and confidential support service to help students and staff get the most from their time at the University. Professional staff can assist you with educational issues, personal matters, University policy and procedures, and crisis support. counselling.curtin.edu.au

Curtin Access Bus Service: a free bus service with two circular routes every 30 minutes through the suburbs of Bentley and Waterford.

Disability Services: provides advice on the University's policies and procedures for students with medical conditions and disabilities. This free and confidential service is available for prospective and enrolled students, including students at our regional campuses. disability.curtin.edu.au

Security: the University places great importance on the security of staff and students, and provides free shuttle buses at night during semester and 24-hour security patrols. security.curtin.edu.au

Smoke-free campus: all of Curtin's West Australian campuses are completely smoke-free, providing a safe and healthy environment to students and staff. smokefree.curtin.edu.au

Student advisers: assists new students to make the best possible start at Curtin. Student advisers offer help with anything related to adjusting to university life, from struggles with studies to personal difficulties. connect.curtin.edu.au

Student Wellbeing Hotline: a confidential hotline to assist with any issue, incident or activity that may threaten your health, safety or happiness. studentwellbeing.curtin.edu.au

Grievances and appeals: anyone is entitled to make a complaint with the Curtin Professional Standards and Conduct Unit (PSCU). You can talk to the mediation and resolution officer (located in Building 100 on the Bentley Campus) about any complaint you might have, such as the behaviour of staff and other students, or anything else you feel has breached Curtin's Code of Conduct. Step-by-step details of the complaint and grievance procedures are available from complaints.curtin.edu.au and in the Student Conduct, Rights and Responsibilities booklet (provided to all new Curtin students).

There are also official procedures to assist students to resolve concerns about academic and other matters, which are set out in the Curtin Courses Handbook, available online. handbook.curtin.edu.au

The Department of Education Services of Western Australia has appointed a conciliator for international students studying in Western Australia. The conciliator has an independent grievance handling and dispute resolution role.

For more information, contact:
Tel: +61 8 9441 1900
Email: conciliation@des.wa.gov.au
Web: studywest.des.wa.gov.au

FAST FACTS

Curtin is home to more than 70 student clubs and societies and over 12 different food outlets, and is within walking distance to local shopping centres.

international.curtin.edu.au

LIFESTYLE

Curtin Stadium: Curtin's award-winning recreation centre offers a gymnasium, ladies' studio, group fitness facilities, sports courts, and outdoor beach volleyball courts. You can also register for fun and affordable social sports competitions or join one of the many registered and affiliated sports clubs. recreation.curtin.edu.au

Food outlets: choices include a variety of cafés and canteens, or a tavern that regularly stages live music. Halal food is available on the Bentley Campus.

John Curtin Gallery: one of the largest and best-equipped university galleries in the country, which exhibits works from local and international artists, as well as those of graduating students. johncurtingallery.curtin.edu.au

Shops: outlets on campus include a travel agency, bookshops, banking facilities, computer store, hairdresser, newsagent, and pharmacy.

Transport: explore Perth, Fremantle and everything in between from Curtin's bus terminal. Bus, train and ferry information is available from Guild reception or online at: transperth.wa.gov.au

Outdoor cinema: running over the summer months at Henderson Court, *Bankwest Movies by Burswood—Curtin University* screens new and classic films and is open to students, staff and the wider community. moviesbyburswood.com

LEARNING

Computer facilities: access to computer laboratories is available during and after University hours.

Curtin International: staff will help you with applications to Curtin and can answer any questions about courses and fees. international.curtin.edu.au

Library: access the latest resources, study in the iZone, and use the computer or printing facilities. library.curtin.edu.au

Orientation: a week-long introductory program to help you settle into life at university. orientation.curtin.edu.au

Student Central: issues ID cards, provides copies of academic transcripts and handles enquiries on matters related to studying at Curtin, such as questions about scholarships, visas, admission and fees. students.curtin.edu.au

The Learning Centre: provides a wide range of academic support programs to help undergraduate and postgraduate students develop their study, language or writing skills. learningcentre.curtin.edu.au

STUDY IN A GROWING CITY

international.curtin.edu.au

Perth city, view from Kings Park

Why Perth?

Situated in Western Australia, Perth is a vibrant, welcoming and diverse city on the move. Home to blue skies, pristine beaches, boutique wineries and delicious local cuisine, Perth offers all the qualities of an international city in an idyllic, laid-back setting.

Perth is located in the same time zone as Hong Kong, Singapore, Beijing and Kuala Lumpur, meaning you can easily stay in touch with friends and family while you study in Perth. Western Australia also has a very multicultural population, with the highest proportion of overseas-born residents of all Australian states and territories.

Perth's excellent standard of living makes it one of the most desirable places in the world to live, with residents and visitors enjoying more hours of sunshine than any other Australian capital city. Perth also has a great range of cafés, restaurants, cinemas, shopping, music and entertainment venues, and sporting facilities. Often concentrated in convenient and cosmopolitan precincts, they're all easily accessible by Perth's high-quality, affordable public transport system.

EXPERIENCE PERTH

Fast-paced and multicultural, Perth's central business district (CBD) provides opportunities for sightseeing and shopping, all centred around the natural beauty of the Swan River. The CBD is home to attractions such as the Bell Tower, one of the largest musical instruments in the world, and the majestic Kings Park and Botanic Garden. Perth's more recent urban developments

include the iconic Perth Arena, bustling Northbridge Piazza and the State Theatre Centre of Western Australia.

Perth's coastline comprises a long stretch of clear beaches, one of the city's major attractions. Collectively known as the Sunset Coast, Perth's beaches are popular swimming, surfing and snorkelling destinations, complemented by a variety of local cafés, restaurants and pubs. A short ferry ride from the mainland, Rottnest Island is Perth's idyllic island playground where visitors can enjoy beaches, ride bikes, and revel in the island's beauty and history.

WEEKEND EXPLORING

Twenty minutes' drive from the city centre, Fremantle is a popular port city known for its high-quality seafood restaurants, weekend markets, unique shops, street performances and cappuccino strip. Fremantle Prison, which reopened as a public museum after it ceased to function as a prison in 1991, hosts exciting daily and nightly tours around the grounds.

The South West region of Western Australia is internationally recognised for its wineries, old growth forests and coastal beauty. Just a few hours' drive from Perth, areas such as Busselton, Dunsborough, Margaret River and Denmark are well worth visiting, attracting visitors year-round.

State Theatre Centre of Western Australia

PERTH WEATHER

SEASON	MONTHS	AVERAGE °C
Summer	Dec-Feb	17-30
Autumn	Mar-May	14-26
Winter	Jun-Aug	8-19
Spring	Sep-Nov	12-23

FAST FACTS

Perth has more hours of sunshine than any other Australian capital city.

Cottesloe Beach

INTERNATIONAL PRESENCE

Unlike many economies around the world, Western Australia has remained buoyant in the face of recent global downturns. The state's mining and resources industries continue to thrive, heralding international projects, strong employment figures and a rise in construction activity. In 2011, the value of Western Australia's mining and petroleum industry reached a record A\$107 billion and projections suggest growth is likely to continue.

INVEST IN YOUR FUTURE WITH A QUALITY EDUCATION

SUGGESTED WEEKLY BUDGET (A\$)

Service/commodity	Single	Family of four
Rent—furnished residence (average)	180	390
Services—gas, water and electricity	20	30
Food	120	200
Public transport	25	40
Clothing, toiletries and entertainment	120	145
Health insurance	8	16
Total	473	821

This table is intended as a guide only.

Managing your finances

Living in Perth can be an exciting and rewarding experience. Everything you need is within your reach, and planning a budget for the costs you need to cover will help you make the most of your time in Australia.

To get the best start, we recommend you bring at least A\$800 and have access to another A\$2,500 during your first week in Australia. You will need this to pay bond money (property security) and rent in advance. Costs associated with electricity, gas and telephone services are usually paid later. Your living costs will depend on your tastes, interests and financial position. You should plan a budget to suit your needs, but make sure it is flexible enough to allow for changes. If you want to buy a car, make sure you consider additional expenses such as petrol, insurance and licensing costs.

BUDGET

You will need to purchase items such as textbooks and stationery so you should plan ahead to cover these costs. You should budget an extra A\$350 per year for items such as photocopying and course-related incidental costs, such as protective clothing. Textbooks and reference books will cost an additional A\$150 to A\$400 each semester. The cost of books can vary considerably depending on the course and units you choose. For cheaper books, try the Curtin Secondhand Bookshop.

SCHOOL-AGE DEPENDANTS

In Western Australia, dependants of international students may be enrolled in either government (public) or non-government (private) schools registered by the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS), provided the school has the capacity to accept them. A visa for the dependant/s must be obtained through the Department of Immigration and Citizenship (DIAC) or a representative. If a Confirmation of Placement (CoP) letter is required by DIAC, visit international.curtin.edu.au/dependants to see the Curtin Dependant Schooling Information Sheet.

Both public and private schools require the payment of full international tuition fees where applicable. Government (public) school fees vary for dependants of undergraduate students, postgraduate students and some scholarship students. **It is important to understand these costs BEFORE your dependant/s arrive in Australia.** These fees will also be listed on your Confirmation of Placement (CoP) letter.

Note: dependants of postgraduate international students (master by coursework or research and PhD only) on sub-class visas 573 and 574 can be enrolled in selected public schools in Western Australia at local student rates, provided the school has been CRICOS-registered and has the capacity to accept them.

For more information and for contacts regarding visa processing, school fees, enrolments and a list of schools, visit international.curtin.edu.au/dependants and download the Dependant Schooling Information Sheet. You can also contact the International Sponsored Students Unit at:
Tel: +61 8 9266 3348
Email: issu@curtin.edu.au

Note 1: if dependants enrolled in a public school require English tuition support in a mainstream classroom or placement at an Intensive English Centre, fees will range from A\$1,500 to A\$3,000 per year depending on the child's requirements. This will be an additional charge to the relevant school fees and will be determined by the enrolling school. These associated costs are paid by the student, not by Curtin or the Department of Education of Western Australia. It is recommended that dependants commence English language training before arriving in Perth.

Note 2: if your dependant has a learning difficulty, disability or special needs, special needs programs are costed on the basis of the child's requirements in accordance with the Department of Education's inclusive education standards. The assessment is undertaken by the relevant department specialist staff. Your dependant may need to move to a school specifically designed to provide the required support. Costs could range from A\$1,500 to A\$30,000 per year depending on the need.

WORK

You can work part-time to gain important industry experience, meet new people and get involved in life in Australia while you study. Your student visa gives you permission to work in Australia once you have started your course. You are allowed to work a maximum of 40 hours per fortnight during semester and unlimited hours during semester breaks; however, work should not distract you from your studies and you shouldn't rely on your earnings to pay your tuition fees or other living expenses.

VISAS

To meet your course requirements, you must be enrolled as a full-time internal student and maintain satisfactory course progress for each study period. Not all units are available every semester, so you may have to apply for another visa to complete your course if you fail a unit. If the units you need to graduate are not offered, you may have to return home and re-apply for admission. This may incur additional costs for your visa application, tuition fees and living expenses.

HEALTH

You must purchase Overseas Student Health Cover (OSHC) from a registered health provider approved by the Australian Government Department of Health and Ageing. All international students need to purchase OSHC before their student visa will be granted. Your OSHC must cover the full length of your student visa.

CENTRE FOR ABORIGINAL STUDIES

Curtin's Centre for Aboriginal Studies (CAS) is one of Australia's premier providers of tertiary Indigenous education. For more than 25 years, CAS has actively engaged in educating Indigenous and non-Indigenous people about the diverse and rich cultural history of Indigenous Australians, and about the social and political issues that affect and concern all Australians. Courses aim to broaden Aboriginal and Torres Strait Islander knowledge through research, while Indigenous Australian cultural studies units give non-Indigenous students an understanding of Australia from an Indigenous perspective.

BE COMPETITIVE IN THE GLOBAL MARKET

Business

If you want a business degree that gives you a competitive edge and puts you ahead of the game, we've got what you're looking for.

Through industry-connected innovative teaching and research, Curtin Business School (CBS) develops internationally focused graduates committed to excellence. CBS is the largest teaching division of Curtin, offering the most comprehensive range of business courses in Western Australia.

GET SET FOR THE REAL WORLD

CBS maintains strong links with industry to ensure we are effectively serving the needs of both our students and the workforce. Our CBS Advisory Boards—groups of industry experts from organisations such as Chevron, KPMG and the Chamber of Commerce and Industry (WA)—review our study programs regularly to make sure what our students are learning is up-to-date and industry-relevant.

You will also learn from experienced teaching staff, and be exposed to some of the industry's top employers through opportunities such as field trips, internships, real-life scenarios and practical assignments, guest lectures from industry professionals, and networking events. Unique study approaches such as Capstone, the final unit in the Bachelor of Commerce, can give you an advantage over other graduates as you apply the skills you learn in your degree to a contemporary case study using resources from leading local and international organisations.

CBS works in close partnership with industry to create professional business environments on campus. Several new facilities available at the Bentley Campus from 2012 include a future technologies learning space, the Curtin Business Club student precinct,

and a stock market trading room—the only facility of its kind at any Western Australian university.

GAIN A GLOBAL PERSPECTIVE

As businesses increasingly cross national borders and networks develop between global companies, it's becoming even more important to expand your horizons, understand diverse environments and be adaptable to different business situations.

As a Curtin University business student, you will become part of a well-recognised and international alumni of almost 72,000 people from more than 70 different countries, giving you the opportunity to start establishing your international network from day one. Many of our lecturers have worked overseas and can provide an international perspective to your business education that is increasingly important in today's global marketplace. CBS also enjoys global acknowledgement for our expertise, ranking among the world's top 100 universities at which to study accounting and finance by the QS World University Rankings by Subject.

ENHANCE YOUR CAREER PROSPECTS

CBS graduates have gained employment in diverse professional roles and business areas across the globe. From negotiating industrial relations to analysing the stock market, devising marketing strategies or designing business information systems, your degree can lead to varied and rewarding career paths anywhere in the world.

FAST FACTS

The CBS Trading Room is the only stock market trading room at any Western Australian university.

GLOBAL HEALTH SOLUTIONS TO MAKE TOMORROW BETTER

FAST FACTS

Curtin has invested more than \$47m in innovative, modern facilities for health sciences students.

Health Sciences

Curtin's Faculty of Health Sciences educates more health professionals than any other university in Western Australia.

The Faculty of Health Sciences follows a long tradition of discipline-based course delivery in the health professions, and offers courses in biomedical sciences, exercise, sports and rehabilitation, nursing, occupational therapy, social work, pharmacy, physiotherapy, psychology, speech pathology, and public health.

Curtin is the first university in Australia to introduce an interprofessional education curriculum for first year undergraduate students across 19 discipline areas in health sciences. Our innovative programs recognise the need to change the way health professionals are educated, to prepare you for ever-changing health and social demands globally, and to improve the services provided to the community.

The faculty's interprofessional curriculum will ensure that, as a Curtin graduate, you will understand your profession is not an isolated area of knowledge and skills. Rather, you will recognise your important role as part of a healthcare team that ensures the delivery of improved safety and quality in health and social care services.

MODERN FACILITIES

Curtin is committed to providing students with a transformative learning experience, having invested more than A\$47 million towards modern facilities for students. This includes the occupational therapy and social work learning and research laboratories, the Curtin Health Innovation Research Institute (CHIRI) Biosciences Research Precinct, and the Health Sciences Graduate Research Hub. These developments support the University's vision to be a leading teaching and research institution, and enable students to practice client-care scenarios in realistic settings.

REPUTABLE STAFF

Staff are actively involved in clinical practice, while leading professionals from the healthcare sector contribute to the delivery of courses. A strong academic orientation ensures the faculty remains at the forefront of evidence-based practice. Many staff have been recognised for their outstanding contribution to the student learning experience, with the faculty receiving five awards from the former Australian Learning and Teaching Council in 2011. In 2012, two staff members received the prestigious Citation Award from the Australian Government.

INTERNATIONAL OPPORTUNITIES

The faculty is helping to shape the future of the health profession, both nationally and internationally. Students are offered undergraduate and postgraduate degrees across multiple sites, including the Bentley and Singapore campuses.

The award-winning Go Global program is a unique program that gives you the chance to provide health services in collaboration with Curtin's partner organisations in China, India, Cambodia, Philippines and Ukraine. For more information about this program exclusive to health sciences students, visit healthsciences.curtin.edu.au/international/go_global.cfm

ACCREDITATIONS AND INDUSTRY LINKS

Many of our courses are accredited nationally, as well as being internationally recognised. This provides you the exciting opportunity to work in other countries around the world.

The faculty also maintains strong industry links in order to produce graduates who are career-ready, and highly regarded and sought after by healthcare institutions. In the 2011 Curtin Graduate Survey, 85 per cent of health sciences respondents reported finding industry-relevant employment within four months of completing their degree.

RESEARCH

The faculty is internationally recognised for our leadership in health research, policy and practice. Students and staff are involved in various projects, including the development of practical solutions to global health challenges, working with partners and communities to advance health and wellbeing around the world, and training towards leadership roles in the healthcare sector. The establishment of the multimillion-dollar CHIRI brings together Curtin's excellent health researchers to work with industry partners, government and the wider community.

START SOMETHING BIG

Humanities

Creativity is more than artistic flair; it's the ability to use your imagination to develop original solutions. Our humanities degrees train you in creative and critical thinking to prepare you for a dynamic career.

EXPLORE YOUR CREATIVITY

Curtin University's Faculty of Humanities is an exciting and vibrant place to explore your creativity while you study. We offer a diverse range of courses in the areas of Asian languages, built environment, communication and cultural studies, design and art, education, media and information, and social sciences, taught in specialist facilities by staff with industry expertise. Committed to producing graduates who are career-ready, our courses are often backed by professional accreditation and allow you to create a professional portfolio of work that can be showcased to future employers. When you choose to study a humanities program at Curtin, you will be joining an international community of over 9,000 students from all over the world.

AN INTERNATIONAL OUTLOOK

The Faculty of Humanities has both a local and global focus, offering degrees that are applied, creative and relevant to contemporary society. You can choose to study from a diverse range of humanities courses taught in specialist facilities at Curtin's Bentley Campus, while some humanities programs are taught in Sydney, Singapore, Malaysia, Hong Kong, Mauritius and Vietnam. There are also opportunities to undertake short-term study abroad programs through our exchange partners in Europe, Asia and America.

FACILITIES

Our new **digital creativity labs** have access to a multimillion-dollar high-speed server for fast software access, high-powered Mac computers, a glass whiteboard, and room layouts that encourage creative thinking.

Up-and-coming writers and media professionals have access to Curtin's on-campus media outlets including **Curtin 100.1FM** radio station, the **Western Independent** newspaper, **Grok Magazine**, and news website **InkWire**.

The industry-standard **film and television studio** is equipped with high-definition broadcast quality equipment including pedestal-mounted cameras, a fully equipped control room and digital video cameras. Post-production is performed using industry-standard digital systems like Final Cut Pro and Avid, and the latest ProTools audio software is used in our digital sound-mixing suite.

The **jewellery and 3D design studio** is equipped with the essential tools for traditional and contemporary jewellery and object-making. Design students have access to a 3D rapid prototyper which sculpts 3D physical objects with moving parts from digital (CAD) designs.

The **graphic design computer labs** are equipped with 27-inch Mac computers running industry-standard Adobe software and large screen Cintiq displays that replicate the traditional experience of working with conventional drawing tools.

The on-campus **Hayman Theatre Company** is the longest established tertiary theatre in Western Australia and showcases our students through an extensive public production program.

The **fashion/textiles studios** grant fashion students access to a Shima Seiki whole garment knitting machine, industrial stitching machines, overlockers, pressing stations, a Gerber Plotter and Digitizer, and a full body 3D scanner.

Audiovisual laboratories and storerooms loan photographic and video equipment to students.

REAL-WORLD EXPERIENCE

As a humanities student, you will be exposed to industry throughout the duration of your degree, providing you with the opportunity to learn from practical experience, create networks with industry and advance your career. Through a combination of theory, project-based training and internships, you will graduate with the practical skills and knowledge valued by employers.

FAST FACTS

Students studying within the Faculty of Humanities have access to an on-campus theatre, art gallery, student newspaper and magazine, radio station, and film and television studio.

BE PART OF A TECHNOLOGICAL FUTURE

FAST FACTS

Completed in 2012, the Engineering Pavilion Complex comprises an exhibition plaza, the student-centred Curtin Engineering Pavilion, and the engineering postgraduate research hub.

Science and Engineering

Producing some of Western Australia's top engineering and science graduates, the Faculty of Science and Engineering offers accredited, internationally recognised, and industry-relevant courses.

The Faculty of Science and Engineering offers a wide range of courses in the areas of science, engineering, mining, computing, IT, mathematics, environment, and agriculture. As a Curtin engineering or science student, you will learn from industry professionals whose knowledge and experience will help you develop the skills you'll need to succeed in your chosen area of study.

Curtin's science and engineering courses are acknowledged worldwide, with the 2012 QS World University Rankings recognising us among the world's top 100 universities for chemical engineering and natural sciences, and the top 200 for computer science. In the 2012 Shanghai Jiao Tong university rankings, we placed within the top 200 for the Engineering/Technology and Computer Science category.

WORK EXPERIENCE AND INDUSTRY EXPOSURE

Allowing you to put your knowledge into practice and graduate career-ready, our undergraduate engineering courses incorporate an industry exposure component. If you study mining or metallurgical engineering, you'll study part of your degree at Curtin University's Western Australian School of Mines (WASM) at our Kalgoorlie Campus, placing you at the centre of one of the country's richest gold and nickel regions.

Officially completed in 2012, the Curtin Engineering Pavilion Complex serves as an area of interaction and collaboration between industry, students, and academia. Consisting of the student-centred Curtin Engineering Pavilion and the engineering postgraduate research hub, the complex gives our engineering students an excellent and applied education while allowing Curtin to fully realise its participation in key research areas of national significance.

Many of our undergraduate science programs are based at Curtin's Resources and Chemistry Precinct, which accommodates organisations

such as the flagship chemical facility ChemCentre. You'll study within a vibrant research community and interact with a range of industries, potential employers, and career paths in industry research. Environment and agriculture students will also benefit from studying at the excellent Margaret River Education Campus.

OPPORTUNITIES IN WESTERN AUSTRALIA

The mining and resources industries are among Western Australia's most high-yield sectors, resulting in record rises in engineering construction activity in recent years. Such activity includes Chevron's A\$43 billion Gorgon natural gas project with Japan's Kyushu Electric (one of the world's largest natural gas projects), US company Kiewit's A\$247 million Cloudbreak Enhancement Project with Fortescue Metals Group, and Chevron's A\$25 billion Wheatstone project. All of these projects have increased the need for career-ready engineers and scientists, and Curtin has been recognised by industry for responding to that need.

RESEARCH EXCELLENCE

The faculty supports the University's key areas of research focus, assisting in the state's development as a major education and research centre in engineering, mining, science, petroleum and agriculture. In the Federal Government's 2012 Excellence in Research survey, we scored world standard or above in 17 areas of research capability.

As part of the International Centre for Radio Astronomy Research (ICRAR), Curtin will be directly involved in the multi-billion dollar Square Kilometre Array (SKA) project. Poised to be the world's most powerful telescope, the SKA is a network of thousands of antennas that will deliver new and fundamental information about the genesis and history of the universe.

GRADUATE OUTCOMES

In the 2012 Australian Graduate Survey, 75 per cent of Curtin science and engineering graduates reported having found employment within four months of completing their degree. Our courses' practical components and industry partnerships play a large role in preparing our students for the real world, ensuring you'll be career-ready upon completion of your course.

Industry partners also recognise the faculty for developing innovative, high-performing students, often employing them in their graduate programs. The faculty has many relationships with state and global industry organisations that create opportunities for you to receive industry-funded scholarships, bursaries and subject awards for outstanding performance.

Alternative entry to Curtin

If you don't meet the University's minimum entry requirements, Curtin offers several alternative pathways into its courses. These pathways enable you to study at a number of different levels and progress to an undergraduate or postgraduate qualification at Curtin or pathway programs at Curtin College.

CURTIN ENGLISH

English language pathways

There are several alternative English language pathways available through Curtin English, which will help you improve your English language levels to the required standard, while Curtin College can help you meet academic entry requirements through its diploma programs.

Note 1: IELTS entry scores are approximate and should be used as a guide only.
Note 2: Curtin English also accepts TOEFL and GCE equivalent to the IELTS score specified above as entry into Curtin English programs.
Note 3: GE = General English, ELB = English Language Bridging, EAP = English for Academic Purposes, GPE = General Professional English.

Curtin English

Teaching English to international students for more than 40 years.

The programs offered by Curtin English provide you with English language proficiency for entry into Curtin University, Curtin College and other Australian educational institutions. These programs include General English, English for Academic Purposes (EAP), General Professional English, and the English Language Bridging (ELB) courses. Both ELB 17-week and ELB 10-week courses are direct entry pathways to Curtin University.

Our experienced staff have worked in various multicultural settings and are sensitive to your needs, regardless of your level of English proficiency. Curtin English's language courses develop your language skills and enable you to undertake formal English tests to demonstrate English competence for university entrance.

ENGLISH LANGUAGE COURSES

CRICOS code 051784G

Curtin English is accredited by the National English Language Teaching Accreditation Scheme (NEAS) and has been conducting courses on Curtin's Bentley Campus since 1972.

As a Curtin English student, you'll have access to the University's facilities while studying in a friendly and supportive environment. You will be required to buy a course book, available on campus from the Curtin Bookshop, for every 10-week course you study.

GENERAL ENGLISH (GE)

If your English skills are at an elementary to upper-intermediate level, this course is suitable for you. It focuses on the four key components of learning English: speaking, listening, reading and writing skills. You will also learn important skills to assist with finding employment and to increase your knowledge of Australian history, culture and lifestyle.

ENGLISH FOR ACADEMIC PURPOSES (EAP)

Suitable for you if your English skills are at an intermediate level and above, this course prepares you for formal study at Curtin College, Curtin University or another Australian educational institution. The course focuses on developing your English skills to a high level while also teaching important study skills such as essay writing, note-taking, presentation skills and research skills. The course uses a wide range of materials including textbooks, videos, newspapers, magazines, worksheets and computer software to assist you in your preparation for further tertiary study.

GENERAL PROFESSIONAL ENGLISH (GPE)

General Professional English combines general English with business situations, giving you the social and functional English you need to work, travel and socialise. The course includes contemporary international topics that are ideal for adult learners, and focuses on language you can use in your day-to-day life. This course is suitable for you if you have already met the English language entry requirements into Curtin University and are looking to integrate into Curtin and the Australian education system or brush up on your English skills before you start your mainstream course. This course is designed to meet the needs of upper-intermediate English users, whether for travel, study, business or experience.

ENGLISH LANGUAGE BRIDGING (ELB) COURSE

CRICOS code 003896G

Designed for students from non-English speaking backgrounds, the English Language Bridging (ELB) course is an upper-intermediate academic English program that prepares you for undergraduate and postgraduate study at Curtin University. If you meet the exit requirements (as stated in your Letter of Offer), you are guaranteed entry into a Curtin degree program on successful completion of the course.

Note: Australian Health Practitioner Regulation Agency (AHPRA) guidelines exist for physiotherapy and psychology courses. These guidelines require students undertaking postgraduate clinical placements to achieve an IELTS score of 7.0 across all bands, or an overall pass in the OET with grades A or B in each of the four components prior to embarking on clinical placements. At time of publication, students wishing to enter the above courses at a postgraduate level will also need to submit an IELTS or OET after completing ELB.

ELB progresses you beyond general and academic English and emphasises the language and study skills needed for university studies. You should choose this course if you:

- want to develop your use of academic English to enable you to work more effectively during your undergraduate or postgraduate degree studies
- have a conditional offer from Curtin University that requires you to attend the English Language Bridging course to obtain a satisfactory English language result.

Course outcomes

The ELB program helps you succeed at university by helping you to:

- improve your general and academic English to the required level
- use appropriate spoken and written academic language
- use complex grammatical constructions with greater accuracy
- develop your academic reading and listening strategies
- organise academic essays effectively
- listen to lectures and take useful notes
- communicate effectively in discussions, seminars and presentations
- undertake research projects and use library technologies to access research
- learn about academic procedures, rules and conventions
- become accustomed to Australian university life and culture before your degree starts.

Course content

The ELB program has two entry points. If you are 1.0 IELTS band (or equivalent) below university entry, you will enrol in the 17-week course, whereas the 10-week course is recommended if you are 0.5 IELTS band (or equivalent) below university entry. You will join the longer or shorter course depending on your current English level and the level of English required for your degree program. Curtin English will indicate which course is appropriate on your Letter of Offer.

ELB 17 weeks

The first seven weeks focus on grammar and vocabulary, in addition to intensive reading and writing skills development. You will study from a set of course books and produce weekly writing tasks related to the texts you are reading. There is also a focus on improving speaking skills to assist you in participating in seminars. The remaining 10 weeks follow the 10-week program below.

ELB 10 weeks

The 10-week program focuses on producing two academic research papers. You will develop the skills to use library technologies and access research materials, and practice how to incorporate others' ideas into your own academic writing. There is an emphasis on referencing conventions and academic style. You will also acquire the oral skills necessary to participate in seminar discussions and academic presentations, as well as listening and note-taking skills.

Classes and timetable

Teaching is intensive, with 20 teaching hours per week, and a minimum of 12 hours per week of self-study. You will attend classes Monday to Friday, with two teachers and a maximum of 18 students per class. You will also be given self-study work every day and access to computer-based academic English self-study resources.

Assessments

There are six pieces of graded assessment, which include two research essays, a seminar discussion, a presentation of a research paper, a listening and note-taking test, and a grammar and vocabulary test.

For more information on either of the ELB courses, visit english.curtin.edu.au

Curtin College

Curtin College is an integrated pathway to Curtin University, offering an alternative entry point for students who do not meet the University’s minimum entry requirements.

Located on Curtin’s main Bentley Campus, Curtin College offers university degree transfer programs across a range of disciplines. These include commerce, information technology, built environment, arts and creative industries, engineering, health sciences, and social sciences.

PROGRESSION TO CURTIN

Curtin College offers pre-university studies and one-year diploma programs. Graduation from a diploma at Curtin College guarantees you entry into the second year of the corresponding bachelor degree at Curtin University, with one year’s advanced standing.

TRIMESTER SYSTEM

For many of our courses, Curtin College operates a trimester system with intakes in February, June and October. This may enable you to accelerate your progress and provides you with a chance to enter the University faster. Some courses, however, follow the Curtin University semester calendar.

CURTIN COLLEGE ENGLISH LANGUAGE REQUIREMENTS

	CERTIFICATE IV TERTIARY PREPARATION PROGRAM (all courses)	TERTIARY ACCESS PROGRAM (TAP) (all courses excluding nursing*)	DIPLOMA— Commerce, Information Technology, non language- intensive Arts and Creative Industries	DIPLOMA— Built Environment, Engineering, Health Sciences, language-intensive Arts and Creative Industries, and Tertiary Access Program for Nursing
International English Language Testing System (IELTS)	5.5 (no band less than 5.0)	5.5 (no band less than 5.5)	5.5 (no band less than 5.5)	6.0 (no band less than 6.0)
Test of English as a Foreign Language (TOEFL)	Paper 525, Computer 197, Internet 71	Paper 525, Computer 197, Internet 71	Paper 525, Computer 197, Internet 71	Paper 550, Computer 213, Internet 80
General Certificate of Education (GCE) O-level/SPM 1119	C	C	C	C
HKCEE English Language (post-2007)	3	4	4	4
HKALE Use of English	D	D	D	C
Hong Kong—New Academic System	Senior Secondary 2 English average 50-65% (depending on school’s banding)	HKDSE Core English Level 3	HKDSE Core English Level 3	HKDSE Core English Level 3
Pearson Test of English (PTE)	46 (no score less than 43)	49 (no score less than 49)	49 (no score less than 49)	57 (no score less than 57)
ELICOS at Curtin English	Certificate of completion from EAP1 with minimum B grade	Certificate of completion from EAP1 with minimum B grade	Certificate of completion from EAP1 with minimum B grade	Certificate of completion from EAP2 with minimum B grade

*Higher English requirements for Media, Culture, Communications and Social Sciences streams only.

Note 1: for visa purposes, the Australian Government will only recognise certain results from certain tests of English for students from countries under Assessment Level 3 and 4. Please note the Government’s required score in the various tests may be higher than the College’s requirements. Curtin College also accepts an IELTS 5.0 (no band below 5.0) for entry into a Certificate IV + Tertiary Communication Skills Unit (TCS Unit) combined program.

Note 2: the above list is not definitive. Other English language evidence may be considered.

FREE SUPPORT PROGRAMS

At no extra cost, you can access a number of support classes to enhance your performance at the College and better prepare you for future study at the University. Courses in mathematics and computing are available, along with a variety of programs aimed at assisting you with English language development and study skills. In addition to English support programs, there is individual support available where required, and an Academic Master Series aimed at enhancing study skills and your study experience at Curtin College and Curtin University.

A UNIVERSITY WITH MANY DIFFERENT PATHWAYS

Western Australian Universities' Preparatory Program

The Western Australian Universities' Preparatory Program (WAUPP) is a course of academic study for international students seeking entry into a university in Western Australia.

The program is administered by the Tertiary Institutions Service Centre (TISC) on behalf of the four public universities in Western Australia. This program is recognised for entry into all of Curtin's undergraduate courses.

Note: applicant eligibility will be dependent upon meeting designated CPS and course prerequisite requirements.

COLLEGES OFFERING WAUPP

Canning College is a government senior college that opened in 1982. Located 15 minutes south of the Perth CBD, it is adjacent to Curtin University with whom it shares Vickery House. Canning College offers January and April entry into WAUPP.

CRICOS provider code 00463B

Murdoch College is a non-denominational, co-educational private secondary school (years 7 to 12) located on a university campus. Murdoch College offers January and April entry into WAUPP.

CRICOS provider code 00429D

Sevenoaks Senior College looks like a modern workplace. The attractive buildings and gardens are ten kilometres from Perth and easily accessible by public transport. All students have access to special programs such as the Sevenoaks Golf Academy.

CRICOS provider code 01723A

Tuart College is a government senior college, located six kilometres north of Perth city on well-provided public transport routes. The college offers January, April and June entry into WAUPP. Students who commence in June complete an accelerated version of the program.

FAST FACTS

Curtin has more than 50,000 students from over 130 countries, 17,200 of which are international—Australia's third-largest international student population.

GRADUATE CAREER-READY

Undergraduate degrees and entry requirements

Usually leading to a bachelor degree, undergraduate courses are for those who haven't previously graduated from university.

BACHELOR DEGREES

Courses leading to a first qualification, such as a bachelor degree award, are referred to as undergraduate courses. Bachelor degrees are usually three or four years long.

HONOURS PROGRAM

As a natural extension to a bachelor degree, Curtin offers honours programs in most areas. A year of honours study consists of coursework at an advanced level and research or project work. In some courses, the honours program is part of the final year of the degree program.

DOUBLE DEGREES

Curtin offers a number of double degree courses. In such courses, you will study combined programs from two compatible courses and complete the requirements for two degrees in less time than it would normally take to complete the two degrees sequentially. They require significantly more work than a single degree, but the rewards are seen to be much greater than those from the completion of either one of the single degrees. Double degrees are at least four years in length.

CREDITS FOR RECOGNISED LEARNING

Curtin recognises your relevant prior studies or work experience, allowing you to finish your degree in a shorter period of time (where approved). Credits for recognised learning (CRL, formerly known as recognition of prior learning or RPL) allows you to take advantage of and be rewarded for your previous studies.

ADMISSION

For admission to Curtin, you must satisfy minimum academic entry as well as English competency requirements. Entry is competitive and levels higher than the minimum may be required for admission to some courses. A list of the common academic entry requirements can be found in the table on page 55.

As all courses are taught in English, you will need to meet Curtin's English language requirements. Any one of the tests in the table on the following page will be accepted as satisfying Curtin's language requirement; however, some courses may require a higher score for English.

FAST FACTS

Our library collection holds around 420,000 books, 31,500 videos and 35,000 journal titles.

MINIMUM ENGLISH LANGUAGE ENTRY REQUIREMENTS

ENGLISH LANGUAGE TEST	SCORE
IELTS (International English Language Testing System) - Writing and speaking - Reading and listening - Overall band score	6.0 6.0 6.5
GCSE (O Level) English/English Language/English Literature/General Paper/ESL	Grade C or better
GCE (A Level) English/English Language/English Literature/General Paper/ESL	Grade E or better
SPM 1119 English	Grade C6 or above
Test of English as a Foreign Language (TOEFL) iBT All bands	90 (minimum) 22
Pearson Test of English Academic (PTE Academic)	58 (some courses may require higher score)
Occupational English Test	Grade B in listening, reading, writing and speaking
WACE Stage 2 or 3 English, Literature or English as an additional Language/Dialect (EALD)	Scaled score of 50
Western Australian Universities' Preparatory Program (WAUPP) English (ELACS)	50%
English as a Second Language (ESL)	Pass mark varies each year (normally 50% or above)
South Australian Certificate of Education (SACE) in the subject of English as a Second Language	Score 10 or higher—Band A, B or C
Hong Kong Certificate of Education Examination (HKCEE) English OR Hong Kong Diploma of Secondary Education (HKDSE) English as a core subject	Grade of 3 or C or above
Cambridge Certificate of Proficiency in English (CPE)/Cambridge Certificate in Advanced English (CAE)	Grade C or better
First Certificate of English (FCE)	Grade A
Successful completion of one semester of full-time study of a bachelor degree course at an Australian university.	
Successful completion of the full first year of a bachelor degree at a recognised university in NZ, UK, Canada or US.	
Successful completion of any Australian university English language proficiency programs of one semester (six months) full-time in duration or more, that satisfy degree entry requirements at those universities.	
Successful completion of Curtin's English Language Bridging (ELB) course.	

Note 1: results from IELTS, TOEFL and Pearson are valid for two years.
Note 2: some courses require higher IELTS and TOEFL scores. These are listed under course prerequisites on pages 59–67.

COURSES WITH A HIGHER ENGLISH LANGUAGE REQUIREMENT

COURSES	ENGLISH LANGUAGE TEST

MINIMUM ACADEMIC ENTRY REQUIREMENTS

COUNTRY	QUALIFICATION AND MINIMUM ENTRY REQUIREMENTS
Botswana	Refer to United Kingdom OR successful completion of part one (first two years) of a degree at University of Botswana. English competence will be assessed individually.
Brazil	Successful completion of the first year of a four-year bacharel/bacharelado or licenciatura/licenciado (degree) or titulo profissional (professional title) from a recognised institution and English competence.
Brunei	Three 'Ordinary' level passes (min. grade C) and two 'Advanced' level passes (min. five points) in the Brunei Cambridge General Certificate of Education (GCE), and English competence.
Canada	Completion of a provincial high school diploma with an average of 60 or better in Grade 12, and including a grade of 60 or better in Year 12 English (except Quebec where separate evidence of English is required).
China	Completion of the Chinese Gao Kao (National University Entrance Examination) with a score that would qualify for entry to key (Tier One) universities in China in the year that the Gao Kao was completed AND in the province it was undertaken AND the relevant stream of the Gao Kao subjects AND English competence OR one year of a bachelor degree at a recognised university and English competence.
Germany	Completion of the Abitur/Zeugnis der Allegmeinen Hochschulreife or Reifezeugnis (secondary school leaving certificate) at Gymnasium with an average grade of 4 including English or separate English competence OR successful completion of the Fachgebundene Hochschulreife with separate evidence of English competency required.
Hong Kong	Completion of the Hong Kong Diploma of Secondary Education (HKDSE) with a point score of 15 from the best five subjects with at least a grade of 3 in English language or with separate evidence of English.
India	All India Senior School Certificates awarded by the Central Board of Secondary Education with an average of 65% in four subjects, one of which must be English (with 65% or better) or separate English competence OR Higher School Certificate (HSC) awarded by one of the State Secondary Schools Board or Indian School Certificate (Council for the Indian School Certificate Examinations) with an average of 65% in five subjects, one of which must be English (with 65% or better) or separate evidence of English competence. Refer to course fees lists following for cut off scores.
Indonesia	STTB/SMU 3 with an average score of 8.0 or above in four academic subjects from a Private (Key) Senior Secondary School and English competence OR completion of one or two years of a bachelor degree at a recognised institution and English competence.
Iran	Successful completion of the first year of a four-year bachelor degree at a recognised institution and English competence OR successful completion of a two-year associate degree or higher diploma (after completion of National High School Diploma) from a recognised institution and English competence.
Japan	Successful completion of first year of a Gakushi (bachelor degree) at a recognised institution and English competence OR Certificate of Graduation awarded by a recognised technical/vocational college and English competence.
Kenya	Successful completion of the Kenya Certificate of Secondary Education (KCSE) with a minimum average grade of B or better obtained in seven subjects (including a B or better in English, Kiswahili and Maths) and English competence.
Korea	Completion of one year of a four-year bachelor degree at a recognised university and English competence.
Malaysia	Three credit passes at SPM level and two passes in STPM (min. one B and one C) and English competence OR completion of the Malaysian Independent Chinese Secondary Schools Unified Examination Certificate (UEC) in at least 5 subjects with min. B grades and English competence. Refer to UK for GCE levels.
Mauritius	Three 'Ordinary' level passes (min. grade C) and two 'Advanced' level passes (min. five points) in the Cambridge Higher School Certificate GCE 'A' level with a grade C or better in O-Level English OR full International Baccalaureate with a minimum total of 24 points from six subjects at one sitting. Three of the subjects must be at the higher level and one of the six subjects should be English.
Myanmar	Successful completion of a four-year bachelor degree or two years of a five-year honours degree at a recognised institution and English competence.
Nepal	Completion of one year of a bachelor degree with an average of not less than 65% from Tribhuvan or Kathmandu University; separate evidence of English competence is required.
Norway	Completion of the Vitnemal: den Videregaende Skole (Certificate of Upper Secondary Education) with an average grade of 3 plus a grade of 4 in English from the Norwegian Certificate of Upper Secondary Education (Vitnemål fra den Videregående Skole).
Oman	Successful completion of one year of a bachelor degree at Sultan Qaboos University and English competence OR completion of a recognised diploma at a public institution and English competence.
Pakistan	Completion of the Higher Secondary School Certificate of Intermediate (Division 1) with an average of 65% in four (4) academic subjects and at least 60% in English OR successful completion of the first year of a three-year honours degree with grades above 50% or B OR two-year pass degree at a recognised institution and English competence OR successful completion of the first year of a four-year degree in a professional field at a recognised institution and English competence.
Philippines	Successful completion of the first year of a four-year bachelor degree at a recognised institution with separate evidence of English competence OR successful completion of a full bachelor degree at selected institutions and English competence.
Russia	Successful completion of one year of a Diplom ob okonchanii vysshego uchebnego zavedeniya (Diploma of Specialist) at a State institution or fully accredited private institution where separate evidence of English competence is required.
Saudi Arabia	Successful completion of the first year of a four-year bachelor degree at a recognised institution and English competence OR successful completion of a two year diploma or associate degree at a public university and English competence.
Singapore	Three 'Ordinary' level passes (min. grade C) or completion of the Integrated Program plus two 'Advanced' level passes (min. of 5 points) in the General Certificate of Education (GCE); and grade C in 'O' level English/English literature or with separate evidence of English competence.
South Africa	Completion of the Senior Certificate (by Matriculation Board or the South African Certification Council) with an average grade of C or 5 in six subjects (excluding Life Orientation), including a grade of C or 5 in English OR Matriculation Certificate (issued by the Matriculation Board) with an average mark of at least 65% in six subjects, and three subjects at the higher grade (one of these must be English).
Sri Lanka	Three 'Ordinary' level passes (min. grades of C) and two 'Advanced' level passes (min. grades of C) in the Sri Lankan General Certificate of Education, and with C in General English or with separate evidence of English competence.
Taiwan	Successful completion of the National Taiwan University Entrance Examination OR successful completion of the first year of a four-year bachelor degree at a recognised institution and English competence.
Tanzania	Refer to United Kingdom OR a pass with credit (Grade 6 or above) in three East African Certificate of Education/School Certificate subjects and two passes (minimum of one C and one D grade) in the East African Advanced Certificate of Education and English competence.
Thailand	Successful completion of one year of a bachelor degree at a recognised institution and English competence.
United Arab Emirates	Successful completion of the first year of a degree at United Arab Emirates University and English competence OR successful completion of a diploma or higher diploma at a recognised institution, and English competence.
United Kingdom (England)	Three General Certificate of Education (GCE) 'Ordinary' level passes or three General Certificate of Secondary Education (GCSE) passes (min grade C) and two Advanced-level passes (minimum 5 points) in the GCE with Grade C or better in 'O' level English, English literature or English language or separate evidence of English competence.
USA	High school diploma with average grade of B or better in Year 12 and a combined score in the Critical Reading and Mathematics component of Scholastic Aptitude Test (SAT) of 1000/1600 (including 460 or above in the Critical Reading and Writing component) or a composite score of 24 or better in the American College Test (ACT) OR successful completion of the first year of a four-year bachelor degree at a regionally accredited institution.
Vietnam	Completion of the Bang Tu tai or Bang Tot nghiep Pho thong Trung hoc with an average of at least 80% in four core academic subjects and English competence OR successful completion of one year of a bachelor degree at a recognised institution and English competence.
Zambia	Refer to United Kingdom OR successful completion of the first year of a degree at University of Zambia or The Copperbelt University and English competence.
Zimbabwe	Refer to United Kingdom OR completion of five (5) Zimbabwe General Certificate of Education 'Ordinary' level passes and three (3) 'Advanced' level passes (min grade of C) and English competence OR successful completion of the first year of a degree at University College of Rhodesia and Nyasaland, University of Rhodesia or University of Zimbabwe and English competence.

Note: students from countries not listed should contact Curtin International for further details.

FAST FACTS

Curtin's bus terminal has the second-highest usage of any terminal in Perth.

2014 undergraduate courses, fees and intakes

FEE INFORMATION

The tuition fees (shown in Australian dollars) are based on a normal full-time workload of 100 credits per semester (200 credits per year) unless otherwise stated. If you study more than 100 credits per semester, you will have a higher annual tuition fee. The tuition fee is calculated and charged on a semester basis. You should expect that the indicative semester course fee, as shown on the Letter of Offer, might vary from the actual tuition fee depending on the units (subjects) undertaken. The actual tuition fee is not calculated until enrolment is completed. In most instances, the actual tuition fee for bachelor double degrees will be the same as the indicative fee. Humanities students undertaking a double major will be charged at the rate of the indicative fee.

To calculate the actual course fee, you can refer to the unit (subject) fee listed at fees.curtin.edu.au/course_fees.cfm

Note: all listed fees are subject to annual increases.

REFUND AGREEMENT

The categories under which the University Fees Centre will assess an application for refund are laid out in the University's International Student Refund Agreement. The agreement stipulates the circumstances that determine the levels of reimbursement a student applying for a refund is eligible to receive. The agreement is supplied to you with your Letter of Offer and can also be accessed online at fees.curtin.edu.au/refunds.cfm, where you can also view the most up-to-date information as the policy is subject to change.

CUT-OFF SCORES KEY

GCE General Certificate of Education

STPM Sijil Tinggi Persekolahan Malaysia

IB International Baccalaureate

ATAR Australian Tertiary Admission Rank—applicable to all Australian matriculation

WAUPP Western Australian Universities' Preparatory Program (CPS: Combined Percentage Scores)

India Includes All India Senior School Certificate awarded by The Central Board of Secondary Education (CBSE), Indian School Certificate (ISC) awarded by the Council for the Indian School Certificate Examinations (CISCE), Higher School Certificate (HSC) awarded by one of the State Secondary School Boards. Certificates awarded by the CBSE and the CISCE are generally considered to represent a higher level of achievement than State certificates.

Sri Lanka GCE 'A' level issued by the Department of Examinations.

Score conversion for advanced level/HSC Grades GCE/GCSE

A grade = 5 points; B grade = 4 points; C grade = 3 points; D grade = 2 points; E grade = 1 point

Subject grades conversion for STPM

A or A- = 5 points; B+ = 4 points; B = 3 points; B- or C+ = 2 points; C = 1 point.

Note: scores for individual prerequisites may be taken into consideration for assessment purposes.

TRANSFORM YOUR CAREER WITH A POSTGRADUATE DEGREE

FAST FACTS

Curtin's highly regarded MBA is accredited by the international Association of MBAs (AMBA) and holds CEL and EPAS accreditation.

Postgraduate studies by coursework

At Curtin, you can choose from a range of postgraduate levels of study. To find a program that suits you, contact Curtin International.

GRADUATE CERTIFICATE

Graduate certificate courses are designed to develop skills in a specialised area that may or may not be directly related to that of your undergraduate degree. Some graduate certificates are specifically designed for non-graduates and allow you to progress towards further postgraduate study. All of the programs are career-oriented, and usually take one semester to complete.

GRADUATE DIPLOMA

The graduate diploma is a specialised, vocationally-oriented award usually completed in two semesters. Entry is normally based on completion of a bachelor degree or diploma, although this can be in an unrelated field if you have work experience in the field of study. Graduate diplomas introduce graduates from disciplines outside of their chosen higher degree to postgraduate studies. Less academically qualified applicants may still apply.

POSTGRADUATE DIPLOMA

Emphasis in a postgraduate diploma is on developing greater knowledge and skills through advanced studies of methods, theories and strategies to which you have already been exposed at undergraduate level. You will maintain a vocational emphasis through strong links with industry. Completion of either the postgraduate diploma or graduate diploma usually takes two semesters, and you may be offered credits for recognised learning (CRL) should you proceed to a master degree.

GRADUATE ENTRY MASTER

Graduate entry master courses (GEM) provide a fast-track learning experience for students who already hold a bachelor degree. They are available in health information management, nursing practice, occupational therapy, pharmacy, physiotherapy, and speech pathology.

MASTER DEGREE

A school may accept you into a master degree, provided you hold appropriate qualifications as decided by the head of school. Where appropriate, provision may be made for you to undertake a bridging course or other preliminary work as a requirement for entry to a master degree program. Mature-age students who do not have formal entry qualifications may still qualify for admission to a master program.

You may be given the opportunity to commence a preliminary program to the master program, provided any relevant work experience or previous academic achievement is recognised by the head of the school as equivalent to attaining graduate status. If your performance in this preliminary program meets the required standard, you may then qualify for admission to the master program.

A master degree is usually completed in three or four semesters, unless CRL is awarded as a result of other relevant studies. Some master degrees also have a work experience component.

Postgraduate entry requirements

For admission into Curtin, you must provide evidence of completion of a degree from a recognised university and provide evidence of English language proficiency. In addition, you may need to meet specific course prerequisites (visit international.curtin.edu.au to search for specific prerequisites).

Application deadlines can be found on the inside cover of this booklet. As all courses at Curtin are taught in English, you will need to meet Curtin’s English language requirements.

You may be deemed to meet Curtin’s English language requirements based on completion of a bachelor degree course in which English was the language of instruction.

This will be assessed on a case-by-case basis. Any one of the tests in the tables below can also be accepted as satisfying Curtin’s English language requirements.

MINIMUM ENGLISH LANGUAGE ENTRY REQUIREMENTS

ENGLISH LANGUAGE TEST	SCORE
IELTS (International English Language Testing System)	
- Writing and speaking	6.0
- Reading and listening	6.0
- Overall band score	6.5
TOEFL (Test of English as a Foreign Language) iBT All bands	90 (minimum) 22
Pearson Test of English Academic (PTE Academic)	58 (some courses may require higher score)
Cambridge Certificate in Advanced English (CAE)	Grade C

COURSES WITH A HIGHER ENGLISH LANGUAGE REQUIREMENT

COURSES	ENGLISH LANGUAGE TEST			
	IELTS (INTERNATIONAL ENGLISH LANGUAGE TESTING SYSTEM)			TOEFL (TEST OF ENGLISH AS A FOREIGN LANGUAGE)
	Writing and speaking	Reading and listening	Overall band score	TOEFL score
Graduate Diploma in Education (Secondary)	7.0	7.0	7.5	102 internet (25 in each section)
All physiotherapy*, pharmacy*, occupational therapy, psychology*, nursing* , social work and speech pathology courses	7.0	7.0	7.0	101 internet (23 in each section)
Master of Information Management	Writing 7.0 Speaking 6.0	Reading 7.0 Listening 6.5	6.5	94 internet (23 in each section)
All graduate diploma and master courses in Curtin Graduate School of Business (CGSB)	6.5	6.5	7.0	94 internet (23 in each section)
Graduate Certificate in Business and Graduate Certificate in Procurement (CGSB)	6.5	6.5	7.0	94 internet (23 in each section)

*English entry for physiotherapy, nursing, psychology and pharmacy courses can only be met by IELTS or OET (Occupational English Test). TOEFL is not acceptable.

Note 1: Australian Health Practitioner Regulation Agency (AHPRA) guidelines exist for physiotherapy and psychology courses. These guidelines require students undertaking postgraduate clinical placements to obtain limited or provisional registration, which requires applicants to achieve an IELTS score of 7.0 across all bands or an overall pass in the OET with grades A or B in each of the four components. Therefore, the University will require any student undertaking these courses to submit an IELTS or OET prior to being eligible for admission into the mainstream course. At time of publication, no other tests of English will meet AHPRA requirements. Further information is available from ahpra.gov.au

Note 2: applicants who complete a bachelor degree course in which English was the language of instruction will be considered on a case-by-case basis.

The information published in this document is correct as at March 2013 but may be subject to change. Please check individual course entry requirements and prerequisites at courses.curtin.edu.au

2014 postgraduate courses, fees and intakes

STANDARD MASTER DEGREE KEY

COURSES TABLE NOTES KEY

*	Course requires supplementary information as part of the application process. Please visit international.curtin.edu.au/apply
†	CRICOS code relates to 2013 course offerings. For further information, you should contact the University directly.
‡	No direct intakes; exit award only.
#	Mid-year intake for CRL students only.

FEE INFORMATION

The tuition fees (shown in Australian dollars) are based on a normal full-time workload of 100 credits per semester (200 credits per year), unless otherwise stated. If you study more than 100 credits per semester, you will have a higher annual tuition fee. The tuition fee is calculated and charged on a semester or, where appropriate, trimester basis. You should expect that the indicative semester/trimester course fee, as shown on the Letter of Offer, might vary from the actual tuition fee depending on the units (subjects) undertaken.

The actual tuition fee is not calculated until enrolment is completed. To calculate the actual course fee, you can refer to the unit (subject) fee that is listed at fees.curtin.edu.au/course_fees.cfm

The total indicative course fee is an estimate of the total fee for the entire duration of the course and includes estimated indexed yearly increases. Indicative essential incidental fees are for items such as extra lab materials or materials specific to that course. All fees listed are subject to annual increases. Information is correct as at March 2013 and is subject to change.

REFUND AGREEMENT

The categories under which the University Fees Centre will assess an application for refund are laid out in the University’s International Student Refund Agreement. The agreement stipulates the circumstances that determine the levels of reimbursement a student applying for a refund is eligible to receive. The agreement is supplied to you with your Letter of Offer and can also be accessed online at fees.curtin.edu.au/refunds.cfm, where you can also find the most up-to-date information as the policy is subject to change from time to time.

DISCOVER WHAT'S POSSIBLE

research.curtin.edu.au

Research opportunities

Curtin University is recognised as a leading research institution within the international market. Ranked in the top third of Australian universities, Curtin generates a high number of PhD graduates, research income and quality research publications. Our staff and students are collectively involved in more than 70 major research institutes and centres, as well as 13 industry-focused, cooperative research centres.

Curtin is focused on research that addresses real world problems of relevance to government, industry and community. Academics in each of our four faculties are engaged in research related to their individual disciplines and, in addition, contribute to the multidisciplinary research themes outlined below that cut across all faculties.

MINERALS AND ENERGY

Research in the area of minerals and energy at Curtin University is aimed at maximising existing resources and developing innovative technological solutions to address our future needs. Research groups from across the University undertake both fundamental and applied research in resource exploration, extraction and processing; development of new materials, energy sources and fuel technologies; mineral and energy economics and policy; and the impact of mining on remote communities.

ICT AND EMERGING TECHNOLOGIES

Information communication technology (ICT) and emerging technologies is a broad area concerned with the use of technology to communicate and use information.

Researchers from Curtin are involved in the international Square Kilometre Array (SKA), the world's largest radio astronomy project. Radio astronomers, electrical engineers and computational scientists are all contributing their expertise to this exciting endeavour.

Curtin also continues research initiatives across areas such as spatial science, wireless telecommunications, digital humanities, e-business, e-health, and digital ontologies.

HEALTH

Curtin is the largest and most comprehensive provider of health sciences research in Western Australia. Health sciences students have excellent opportunities to join programs within the Curtin Health Innovation Research Institute (CHIRI), which takes an innovative approach to addressing the burden of chronic conditions and lifestyle diseases that impact on the social and economic sustainability of communities worldwide. Research conducted at CHIRI focuses on five primary themes: ageing, chronic disease, Indigenous health, mental health, and population health.

SUSTAINABLE DEVELOPMENT

One of the core concerns of governments and communities worldwide is sustainable development. Curtin offers research opportunities in sustainable development in two broad areas: built environment and natural environment. The first includes social/cultural sustainability, urban design construction management and sustainable cities, while the second is concerned with climate change, biodiversity, sustainable tourism, food security and sustainable resource processing.

FAST FACTS

The Faculty of Humanities is home to a 3D rapid prototyper, which sculpts 3D physical objects with moving parts from computer-aided designs.

Higher degrees by research

Curtin offers higher degrees by research at both the master and doctoral level, where at least two-thirds of the work completed for the award must be research-based.

DOCTORAL PROGRAMS

Doctors of Philosophy (PhD) and other doctoral research degrees usually require at least three years of study. Doctoral research degree candidates should uncover new knowledge either by the discovery of new facts, the formulation of theories, or innovative interpretation of known data and established ideas.

Research doctorates may sometimes be undertaken in a mixed mode with one or two semesters completed in Perth and the remainder in your home country. This arrangement depends on your project and must be negotiated with your supervisor.

RESEARCH MASTER PROGRAMS

At least two-thirds of the work towards a master by research degree must be pure research. The award indicates you have contributed significantly to your field and are capable of carrying out independent research.

Although you may need to complete some coursework units, the major part of the work will be in the form of a thesis written under the guidance of a supervisor.

HOW TO APPLY

You will need to consult the postgraduate coordinator, faculty graduate studies officer and other staff in the relevant teaching area to discuss the suitability of your proposed research topic. Make sure you meet Curtin’s entry requirements and ensure there is a supervisor and facilities available to accommodate your research.

A list of supervisors is available at curtin.edu.au/research/futurestudents/register/register.cfm

For more information, including contact details and application forms, visit curtin.edu.au/research/futurestudents/admission.cfm

WRITING A RESEARCH PROPOSAL

Applications for master or doctoral research degrees must include a written two-page research proposal. It should state your research topic, outline your research plan and the objectives you wish to meet, and show that you have sufficient experience and knowledge in your selected area. The proposal should be accompanied by at least 10 cited references.

Guidelines are available at research.curtin.edu.au/guides/hdrguidelines/admission.cfm

SCHOLARSHIPS

There are scholarships available for international students who wish to study a higher degree by research. See page 86 for more information.

Research degree entry requirements

If you have a master degree or a bachelor degree with first or upper second-class honours, you may be considered for admission.

In exceptional cases, applicants with a bachelor pass degree may also be considered if you can demonstrate superior academic achievement, significant work experience, and the capacity to undertake significant research.

You can check the specific requirements for master and doctoral research degrees at curtin.edu.au/research/futurestudents/admission.cfm

Applications for higher degrees by research can be made at any time of the year.

As all courses at Curtin are taught in English, you will need to meet Curtin’s English language requirements.

You may be deemed to meet Curtin’s English language requirements based on completion of a bachelor degree course in which English was the language of instruction. This will be assessed on a case-by-case basis. Any one of the tests in the tables below can also be accepted as satisfying Curtin’s English language requirements.

MINIMUM ENGLISH LANGUAGE ENTRY REQUIREMENTS

ENGLISH LANGUAGE TEST	SCORE
IELTS (International English Language Testing System)	
- Writing and speaking	6.0
- Reading and listening	6.0
- Overall band score	6.5
TOEFL (Test of English as a Foreign Language) iBT	90 (minimum)
All bands	22
Pearson Test of English	58 (some courses may require a higher score)
Cambridge Certificate in Advanced English (CAE)	Grade C

COURSES WITH A HIGHER ENGLISH LANGUAGE REQUIREMENT

COURSE	ENGLISH LANGUAGE TEST			
	IELTS (INTERNATIONAL ENGLISH LANGUAGE TESTING SYSTEM)			TOEFL (TEST OF ENGLISH AS A FOREIGN LANGUAGE)
	Writing and speaking	Reading and listening	Overall band score	TOEFL score
CBS masters by research and PhD courses	7.0	7.0	7.0	101 internet (23 in each section)
Curtin Graduate School of Business masters by research and PhD courses MBA/MLM	6.5	6.5	7.0	101 internet (23 in each section)
Humanities masters by research and PhD courses	Writing 7.0 Speaking 6.0	Reading 7.0 Listening 6.5	6.5	94 internet (23 in each section)
Health sciences masters by research and PhD courses	7.0	7.0	7.0	101 internet (23 in each section)

The information published in this document is correct as at March 2013 but may be subject to change. Please check individual course entry requirements and prerequisites at courses.curtin.edu.au

2014 research degrees, fees and intakes

FEE INFORMATION

The tuition fees (shown in Australian dollars) are based on a normal full-time workload of 100 credits per semester (200 credits per year) unless otherwise stated. If you are studying more than 100 credits per semester, you will have a higher annual tuition fee. The tuition fee is calculated and charged on a semester or, where appropriate, trimester basis. You should expect that the indicative semester/trimester course fee, as shown on the Letter of Offer, might vary from the actual tuition fee depending on the units (subjects) undertaken.

The actual tuition fee is not calculated until enrolment is completed. To calculate the actual course fee, you can refer to the unit (subject) fee that is listed at fees.curtin.edu.au/course_fees.cfm

The total indicative course fee is an estimate of the total fee for the entire duration of the course and includes estimated indexed yearly increases. Indicative essential incidental fees may be for items such as extra lab materials or course materials specific to that course. All fees listed are subject to annual increases. Information is correct as at March 2013 but is subject to change.

REFUND AGREEMENT

The categories under which the University Fees Centre will assess an application for refund are laid out in the University's International Students Refund Agreement. The agreement stipulates the circumstances that determine the levels of reimbursement a student applying for a refund is eligible to receive. The agreement is supplied to you with your Letter of Offer and can also be accessed online at fees.curtin.edu.au/refunds.cfm, where you can also find the most up-to-date information as the policy is subject to change.

**Research term 1: students can commence anytime from 1 January to 30 June. Research term 2: students can commence anytime from 1 July to 31 December. Date of commencement will need to be discussed with your supervisor after an offer of a place is received.*

Application process

For international students—
undergraduate and postgraduate
by coursework.

The following information is relevant to you if you are applying directly to the University. If you are using the services of a Curtin registered agent, you should lodge your application via the agent and contact them for any queries throughout the admission process.

1 APPLY

OPTION 1: APPLY ONLINE

Visit international.curtin.edu.au/apply

Note: students applying to study doctoral and master degrees by research or doctoral degrees by coursework should refer to research.curtin.edu.au

OPTION 2: POST OR SCAN AND EMAIL AN APPLICATION FORM (SEE PAGE 87)

- Acknowledgement email and your student number will be emailed within a week.
- Please quote your student number in all correspondence.

DOCUMENTS TO BE SUBMITTED WITH APPLICATION

- Certified copies of all your previous qualifications (e.g. academic transcripts, grading system descriptions and award certificates).
- English language entry requirements such as academic IELTS and TOEFL.
- Supplementary information documents (if applicable).
- Evidence of change of name (if applicable).

CERTIFIED DOCUMENTS

- Signatures on certified copies of transcript(s) and award certificate(s) must be accompanied by an ink imprint stamp/chop from the following accepted authorities:
 - i. an authorised Curtin representative
 - ii. Curtin International staff member
 - iii. a person of authority at the issuing institution (e.g. registrar)
 - iv. Justice of the Peace
 - v. Commissioner for Oaths/Declarations
 - vi. any notary public.

ENGLISH TRANSLATION

- Certified copies of your transcript(s) and award certificate(s) in the original language (if issued in a language other than English) must be provided with English language translated copies from the following accepted authorities:
 - i. an official and accredited translator
 - ii. a person of authority at the issuing institution.

2 AWAIT YOUR OFFER

- Assessment of your application takes 2–4 weeks.
- If we require more documents to assess your application, they will be requested from you.
- Assessment of your application will be delayed until we receive these documents.

CREDITS FOR RECOGNISED LEARNING (CRL)

- We will not be able to assess CRL for previous studies without an application and certified copies of all your academic transcripts/statement of marks and award certificates to date.
- CRL is granted at the discretion of the school/faculty.

3 RECEIVE YOUR OFFER

YOUR OFFER PACKAGE CONSISTS OF:

- Letter of Offer
- Acceptance of Offer form
- Payment Options form
- Terms of Offer
- International Student Refund Agreement flyer
- Streamlined Visa Processing (SVP) form
- Pre-departure Guide
- Curtin Housing Services brochure
- Overseas Student Health Cover (OSHC) brochure

4 ACCEPT YOUR OFFER

STEPS TO ACCEPT YOUR OFFER

STEP 1
Read your Letter of Offer carefully, ensuring your name, course title and semester are correct.

STEP 2
Meet all conditions on your Letter of Offer.

STEP 3
Submit your Acceptance of Offer form, deposit of tuition fees, Overseas Student Health Cover fee, SVP form, and a photocopy of your passport details page.

5 APPLY FOR YOUR VISA

- You will need to apply for your student visa after receiving your electronic Confirmation of Enrolment (eCoE).
- Your eCoE will be sent to you via email.
- The duration of your student visa will vary depending on your course (contact the Australian Embassy to find out more about the visa application process).

Scholarships

Scholarships are part of Curtin's commitment to rewarding academic excellence and enabling students from all backgrounds to realise their potential, graduate with strong practical skills and achieve their goals.

INTERNATIONAL POSTGRADUATE RESEARCH SCHOLARSHIP (IPRS)

The IPRS is available to you if you are an international student undertaking a master or doctoral degree by research at Curtin in 2014. It covers tuition fees and Overseas Student Health Cover for the duration of the course. All recipients will receive an APA, which provides a living allowance of A\$24,653 per year tax-free (2013 value). Application forms are available between 1 June and 31 August each year from the scholarships website.

CURTIN INTERNATIONAL POSTGRADUATE RESEARCH SCHOLARSHIP (CIPRS)

The CIPRS is available to international students who undertake a doctoral degree by research at Curtin in 2014. This scholarship covers tuition fees for the duration of the course and provides a living allowance of no less than A\$24,653 per year tax-free (2013 value). You must be nominated by your supervisor to be eligible for this scholarship. There are no closing dates for this scholarship. You are encouraged to make contact with a supervisor in your area of research in the first instance to discuss the opportunity.
Email: research_scholarships@curtin.edu.au
Web: scholarships.curtin.edu.au

AUSTRALIAN DEVELOPMENT SCHOLARSHIP (ADS)

ADS are long-term development awards administered by AusAID. ADS aim to contribute to the long-term development needs of Australia's partner countries in line with bilateral and regional agreements. They provide opportunities for people from developing countries to undertake full-time undergraduate and postgraduate study at participating Australian universities. The study and research opportunities provided by ADS develop skills and knowledge of individuals to drive change and contribute to the development outcomes of their own country. For a list of partner countries, scholarship eligibility and application information, refer to:
Email: issu@curtin.edu.au
Web: australiaawards.gov.au/index.html

AUSTRALIAN LEADERSHIP AWARDS (ALA)

ALA scholarships are supplementary to the Australian Development Scholarships (ADS). Only 200 ALA scholarships are available globally on an annual basis. Therefore, selection for an ALA is highly competitive and is based on your professional and personal qualities, academic achievement and, most importantly, your commitment to contribute to development outcomes for your country and region. Awardees undertake a Leadership for Development Program, which provides opportunities to enhance leadership capacity and expand networks while you are in Australia. For a list of partner countries, scholarship eligibility and application information, refer to:
Email: issu@curtin.edu.au
Web: australiaawards.gov.au/index.html

ENDEAVOUR (ACHIEVEMENT) AWARDS

The Endeavour Awards is the Australian Government's internationally competitive, academic merit-based scholarship program, providing opportunities for citizens of the Asia-Pacific, Middle East, Europe and the Americas to undertake study, research and professional development in Australia. Higher degree by research students receive an additional scholarship from Curtin to cover the tuition fee gap. Awards are also available for Australians to undertake study, research and professional development abroad. For a list of partner countries, scholarship eligibility and application information, refer to:
Email: issu@curtin.edu.au
Web: australiaawards.gov.au/index.html

scholarships.curtin.edu.au

Curtin University

INTERNATIONAL APPLICATION FOR ADMISSION TO AN UNDERGRADUATE DEGREE OR POSTGRADUATE COURSEWORK DEGREE

- Please read important information on page 84 to ensure a quick response to your application.
- This application form is for international students applying to study onshore in Australia.
- International students applying to study outside Australia should complete the relevant undergraduate or postgraduate Application for Admission form available from futurestudents.curtin.edu.au
- Students applying to study doctoral and master degrees by research or doctoral degrees by coursework should refer to research.curtin.edu.au

Agent's stamp (in English; including address, phone, email)

Counsellor's name

Email address

Have you applied for Australian permanent residency status? ☐ N ☐ Y If yes, date of application

Note: if you obtain Australian permanent residency at any stage during the application process, you will need to advise Curtin International immediately.

ENGLISH LANGUAGE PROFICIENCY

As all courses are taught in English, applicants will need to meet Curtin's English language requirement. If your education qualifications were not completed wholly or predominantly in English, please indicate what test/s you have taken (or intend taking) and attach certified* documentary evidence of results.

<input type="checkbox"/> GCE 'O' Level	<input type="checkbox"/> IELTS	<input type="checkbox"/> TOEFL
<input type="checkbox"/> EALD/ELACS	<input type="text"/> Other (please specify)	

Please indicate if you would like to apply for one or both of the following English language courses:

1. ELICOS—number of weeks (in modules of 5 e.g. 5, 10, 15)	<input type="text"/>	Commencement month	<input type="text"/>
2. English Language Bridging (ELB) course	<input type="text"/> Feb <input type="text"/> July <input type="text"/> Nov		

Note: having made this selection, you will receive a package from Curtin English.

Please provide details of all formal studies you have completed and those you are currently undertaking.
You are required to supply an original or certified* copy of your academic award/s and transcript/s for all tertiary studies except those undertaken at Curtin/
WAIT. Academic records must contain an explanation of grading system descriptions.

Would you like the above qualifications to be assessed for credits for recognised learning (CRL, formerly recognition of prior learning or RPL)?

Will your tuition fees be paid by an organisation?	<input type="checkbox"/>	Y	<input type="checkbox"/>	N	If yes, name of organisation	<input type="text"/>
--	--------------------------	---	--------------------------	---	------------------------------	----------------------

Note: submission of supplementary information to your postgraduate application varies across courses. Applicants are advised to refer to the application guidelines and submit relevant supporting documentation. Guidelines and supplementary forms are available from futurestudents.curtin.edu.au/postgraduates

EMERGENCY CONTACT DETAILS (HOME COUNTRY)

MEDICAL/DISABILITY NEEDS

The information below is used to assist the University in monitoring, supporting and improving services to students with medical/disability requirements. Disclosing this information will not affect your admission to the University.

Please indicate the type/s of disability

If you have a disability, would you like to receive information on support services, equipment and facilities available that may assist you?	Y	N
--	---	---

I declare that I have read the instructions on this application form and that the information I have provided is complete and correct. I understand that the information collected on this form is to enable Curtin University to assess my application, create a record on its student database, undertake statistical analysis, meet statutory reporting requirements and further inform me about the course to which I am applying as well as the University's other courses/events. The information will be accessed by University officers strictly for these purposes and disclosed to state and Australian Government agencies where required by law and the fund manager of the ESOS Assurance Fund, pursuant to obligations under the Education Services for Overseas Students Act 2000 and the National Code of that Act, and to contractors (such as mail houses) engaged by the University to perform services on its behalf. Where personal information is to be provided to contractors, the University will require that confidentiality agreements be first entered into.

I accept that information supplied in this application may also be made available to a Curtin overseas representative to provide assistance with my application and the University's preferred Overseas Student Health Cover provider to assist with effecting health insurance.

I understand that if I do not complete all the questions on this form, it may not be possible for the University to process my application. I authorise Curtin to obtain further academic information or official student records from any educational institution or recognised educational qualifications assessment body necessary and/or, where my work experience is relevant, to verify my employment history for the purpose of making an informed decision about my application.

In the case of postgraduate applications, I understand that the services of QualSearch may be engaged to verify my qualifications. I further understand that Curtin is not responsible if any educational body/institution does not supply these records, that the results of this search may be made available to me on request and an audit of this authority may also be undertaken.

If I do not meet all the University's entry requirements, I authorise the University to provide my full application to Curtin approved pathway providers (e.g. Curtin College, Canning College) for consideration for the preparatory program (foundation/diploma). I understand that successful completion of this program will help qualify me for admission into specified courses of Curtin.

I understand that I have the right to access and amend personal information that Curtin holds about me, subject to legislation, by contacting the Freedom of Information Coordinator at foi@curtin.edu.au

I acknowledge that Curtin University reserves the right to vary or reverse any decision regarding admission made on the basis of incorrect, incomplete or fraudulent information.

LODGING YOUR APPLICATION

Please submit your application to Curtin International or a Curtin University overseas representative.

An initiative of Perth Education City

Perth Education City Inc. (PEC) represents and promotes Western Australia's internationally recognised education sector by conducting a wide range of profile-raising and marketing activities throughout the world. It is a unique consortium of 31 universities, colleges and schools in Perth which provide education services to the international community.

The Australian Technology Network is an influential alliance of five prominent Australian universities of technology located in each mainland State. They share a history of collaboration, a commitment to partnerships with industry and the community, a focus on educating graduates who are innovative, entrepreneurial and highly employable, a dedication to the advancement of knowledge and a desire to make a difference to the well-being of the nation through education, research and motivation.
