Bachelor's Degrees

QUALIFICATIONS

In order to enrol in any undergraduate degree programme, students must hold a University Entrance Qualification (UEQ).

For students who have completed their high school studies abroad, the UEQ must be a valid qualification which allows admission to University in the country where it was obtained..

ADMISSION

   For procedures, deadlines and further details, please visit http://www.unive.it/pag/12520/

2) Limited and Open Admission:

   There are two types of admission to undergraduate programmes: *limited* and *open* admission ("accesso programmato" and "accesso libero").

   - Students applying for *limited admission programmes* are ranked following a selection process prior to enrolment and must therefore receive confirmation of acceptance before enrolling.
     - EU students will be required to take the entrance exam on both general and specific knowledge relevant to their chosen curriculum.
     - Non-EU students will be required to take an exam via Skype to certify the required competences.

Students lacking such certificate are required to fulfil an Additional Learning Requirement (OFA) in English following enrolment and have one year to complete the requirement. [1]

- **For Italian-taught graduate programmes only**: A B2 level in Italian language is *highly recommended* for any non-Italian native speaker.

Non-EU students residing outside of Italy must submit one of the certificates recognised by the Ministry of Education, Universities and Research (MIUR) attesting a B2 level in Italian, or take the Italian language test held at the University prior to the beginning of the academic year.
