SEVEN CAPITALS TO ALWAYS BE AT THE CENTRE OF STYLE

Being always at the centre of the action is one of Istituto Marangoni's distinctive teaching methods.

Milano*, Firenze, Paris, London, Mumbai, Shanghai* and Shenzhen

The cities hosting the locations of Istituto Marangoni are among the world's most vibrant capitals of fashion, design and fine arts, where the trends of today and tomorrow come to light every day. That is why they are able to provide an exciting, highly inspiring environment to the participants who choose to attend the school. At the same time, these cities inspire the educational programmes of each location. Indeed, besides the disciplines that have made the history of Istituto Marangoni, others are specifically chosen to reflect the social, cultural and economic environment surrounding them, thus promoting a lively interaction between the school, its participants, and the reality of the market in which they strive.

CAREERS SERVICE

The careers service offers support for professional orientation, from the preparation of a CV and interview techniques, to helping students make contact with companies offering internships and other professional opportunities. On many undergraduate and masters programmes students are also offered guidance in finding suitable internships and further study or work opportunities via projects, seminars and workshops. The careers services placed over 500 graduates in many of the most important fashion and design companies in 2016. While Istituto Marangoni is committed to assisting students in their search for a successful career, this service is provided without guarantee of placement or job availability.

Students' professional development is also supported by the school's special initiatives. At the end of many undergraduate and full-time courses a final degree showcase, or fashion show is organised for selected graduating students. Showcases are attended by key fashion industry players, agents in the sector, specialist press contacts, art and design industry representatives and promotional agents; an indispensable opportunity for the launch of a brilliant career.

“I always knew the huge influence Istituto Marangoni has in the fashion industry and how graduates from this school are proud to be Istituto Marangoni alumni. In addition, a high percentage of alumni are able to get outstanding jobs. The International Study Centre was a year of preparation. Not only academically, but personally. I grew up, got used to a new country and got ready for my BA. The teachers were extremely helpful and professional. Studying at the International Study Centre helped me to progress to the IM Fashion Business BA in many ways. My English improved significantly and I got used to the school facilities, the people that work there and the system in general. I had great insights into what I was going to study in the BA. Therefore, I believe that foundation students start with a step ahead from the rest.”

“Istituto Marangoni has a world-renowned reputation as well as high status within the industry. As it is a private institute, each individual can gain more of a tailored education. Not to mention the opportunity to transfer to different campuses in Paris, Milan and London. I really enjoyed the International Study Centre foundation course, especially the tutors who are very helpful and knowledgeable. They really pushed me to challenge myself in each subject. I learned a lot about art, culture and digital skills, such as Photoshop. The International Study Centre taught me to look at things with a different perspective and how to capture inspirations from our daily lives. It gave me a competitive advantage over other classmates. London is whatever you make it. You can find all sorts of lives and people here. Living here, you get to stay ahead of all trends, no matter music or fashion. They all start here.”
