# MASTER'S IN INTERACTION DESIGN COMPETITION

SEPTEMBER 2020 INTAKE

## THE COMPANY

Technogym is the leading company in the fitness and Wellness sector. Technogym is known all over the world as “The Wellness Company” - a company that has helped develop the concept of “fitness” into a complete Wellness lifestyle. Living the “Wellness” lifestyle means getting regular physical activity, correct nutrition, and having a positive mental attitude.

Technogym’s mission is to help people live better by providing the best possible fitness equipment, services, content and programs. All of these solutions use technology to connect to one another so users can experience Wellness no matter where they are. Technogym calls this the “Wellness on the go” because everyone can find their own content and training programs on any Technogym equipment and personal device.

Thanks to the modularity of the solutions that Technogym offers, Wellness professionals and their customers can enjoy the same Wellness Experience anywhere: gyms, hotels, medical practices, schools. In order to achieve this, Technogym provides operators with all the tools they require, from financial services to interior design guidance, and from after sales assistance to marketing support. Furthermore, both operators and private individuals can enjoy access to the world’s most complete range of fitness equipment, for cardio training, strength training, functional training and group activities.

Thanks to this extensive range of products and solutions, Technogym is able to help people achieve their sporting and wellbeing goals. Whether the goal is weight loss, strength training, or stretching, users can achieve all of this, and much more with Technogym products.

The quality of Technogym products is a direct result of the decades of experience gained as the official supplier to six Olympic and Paralympic Games. Anyone choosing Technogym products can rest assured that they are training on equipment of the very highest level, just like a professional athlete. Technogym’s goal is to make Wellness accessible to everyone, everywhere, regardless of age, this is why the TECHNOGYM logo is synonymous with WELLNESS worldwide.

## MASTER’S DESCRIPTION

Interaction design is about creating a product, service, or space that people will interact with through an intuitive visual and haptic (tactile) interface. In the Master’s in Interaction Design programme, you will learn to define problems and solutions in the field of interaction and user experience.

As you create enriched experiences through innovative technology, you will be encouraged to transform your original design visions into market opportunities.
