Guidance on final decision

Transfer Advising & Student Support

ONCAMPUS Boston's University Success Seminar supports you through every step of the university transfer process. **ONCAMPUS** Boston also specializes in giving you individual attention through academic and transfer advising.

University Success Class *(1 hour/wk)*

You will explore how your interests relate to different majors and to possible careers. You will complete college research to discover best-fit universities. Then you will bring your self-assessment and research together by writing a college transfer essay with personal guidance from experienced writing instructors.

Workshop *(1.5 hours/wk)*

This group seminar gives you an introduction to higher education in the U.S. It introduces students to a variety of student life issues and student services offered by Curry College. There is also time set aside for college visits, partner college fairs, and individual interviews with senior college admissions officers.

Optional SAT/ACT preparation

Although our partner universities do not require SAT or ACT results, a small number of U.S. universities require these exam scores as part of your application. **ONCAMPUS** Boston offers a 20-hour intensive SAT/ACT preparation course to help you succeed on these standardized tests. Completed in one semester, this course comes at a minimal additional cost and prepares you to take the exam, which is offered at a number of nearby locations.

Drop-in office hours

You are also free to stop by and talk with **ONCAMPUS** Boston's university adviser during weekly office hours.

EAP (English for academic purposes) & TOEFL support *(EAP 2.5 hour/wk, TOEFL 75 mins/wk)*

EAP improves the English fluency of international students to meet the academic English demands of their credit bearing classes. TOEFL support class prepares students to take the TOEFL exam and helps to improve scores for students who have taken the test previously.

Transfer lab *(1 hour/wk)*

The **ONCAMPUS** staff lead you through the transfer application process step by step. You will get practical experience completing every component of the application together in a computer lab – including setting up the Common App, ordering official college transcripts, assigning faculty recommendations, and requesting a college official's report.

Academic Advising

You will attend one-on-one academic and transfer advising meetings during your two semesters in the program. **ONCAMPUS** Boston's holistic approach to advising gives you the support you need to succeed in classes, in extra-curricular activities, in the Curry community, and in understanding your options for your sophomore year and beyond.
