ROYAL
HOLLOWAY
UNIVERSITY
OF LONDON

Where global citizens
become future leaders

royalholloway.ac.uk/isc

Welcome to Royal Holloway University of London

"By choosing to study at Royal Holloway, one of the UK's leading research intensive universities, you become part of a close knit community that's all about inspiring you to succeed academically, socially and culturally. Students who come to Royal Holloway talk about how our campus supports a unique culture and 'feel' that they love. Classes are taught by recognised, world-leading academics who will genuinely get to know you.

As one of the UK's most international universities, ours is also a global community. Our academics come from all over the world, bringing diverse perspectives to your studies. The Royal Holloway community stretches beyond the UK, with over 80,000 alumni around the world, many of whom come back to campus and share their experiences.

Royal Holloway has a rich history and we're proud to be a part of it. I hope that you'll want to join in the story too, and I look forward to welcoming you here."

Professor Paul Layzell

Principal
Royal Holloway, University of London

"Thank you for your interest in studying with us. This prospectus provides details of the programmes available and will show you what it's like to live and learn on this beautiful campus.

The Royal Holloway International Study Centre offers a truly international education experience. You will receive a high quality education that will prepare you for joining a world-class university, recognised for its leading research and international excellence, while living close to London's global industry hubs.

Our improved programme structure will give you more opportunity to focus on your chosen field and includes our excellent employability skills training.

I look forward to welcoming you and seeing you grow to become a global citizen."

Alexia Gonzalez

University Rankings, 2017/18*

British degree, global influence

Royal Holloway combines the finest British education, heritage and culture with international networks in academia, research and business.

We introduce our graduates to the world stage with a globally recognised degree.

International outlook

Royal Holloway is ranked number 11 in the UK and number 35 in the world for international outlook (Times Higher Education World University Rankings 2017/18). That is testimony to the global impact of our research, as well as the diversity of our staff and students on campus.

Where students thrive

Our friendly and safe community provides the perfect environment to immerse yourself in your studies and enjoy new activities. Student satisfaction levels are rated at 88%, 4% higher than the national average (The National Student Survey 2017).

Creating future leaders

The University has a good graduate employment rate, and is renowned for producing international leaders. It is ranked the 7th best British university for producing CEOs (Emolument, 2016).

Why choose Royal Holloway?

Research

Royal Holloway's international reputation for research gives you the opportunity to learn from, and alongside, some of the world's leading researchers. Royal Holloway sits within the top 25 per cent of universities in the UK for research which is rated 'world leading' or 'internationally excellent' (latest Research Excellence Framework released in 2014).

Countryside campus

Studying on one of the world's most beautiful campuses will inspire and enable you to focus on your studies. And with all the facilities you need close by, you'll never be without something to do.

New state-of-the-art facilities

Our flagship new Library and Student Services Centre, the Emily Wilding Davison Building, opened in September 2017. It sits in the heart of our campus and contains everything you'll need to succeed as a student at Royal Holloway, from a library and careers hub to a shop, bank, café and exhibition space.

The library is open 24/7 and contains our extensive collection of books and journals and 1,140 study seats, with different zones to accommodate every type of study: silent, social, creative and collaborative. Support and advice is available from the library's helpdesk, there is also an IT help desk providing laptop and mobile device support service. A dedicated Information Consultant can provide training in the awareness and use of resources available to you and tailored to your subject area, and is available for in-depth one-to-one help.

Location

Getting to the centre of London takes just 40 minutes by train and we are only seven miles from Heathrow Airport. Many visitor attractions and international sports and entertainment venues are also within easy reach.

International

Being 11th in the UK for international outlook and 35th in the world* proves just how dedicated we are to preparing our students for international success. It's reflected in everything we do, from the global impact of our research, to the diversity of our staff and students on campus.

Career-focused

We are committed to your personal and professional development at all stages of your education. During your studies at the International Study Centre you will learn the skills you need to succeed in today's competitive graduate employment market, such as leadership, planning and organisation.

When you progress to your chosen degree programme you will continue to develop your career skills with help and guidance from Royal Holloway Careers & Employability Service. We provide workshops and support with finding internships and work for when you graduate. You will also be able to clearly demonstrate your skills to employers with the Royal Holloway Passport Award scheme to record your extra-curricular activities.

Community

Royal Holloway is a friendly, supportive community and staff are available to give you any support you may need. With a health centre, free counselling, help with finances and assistance for students with additional needs, Royal Holloway helps to make sure students stay safe, healthy and happy.

Social life

Students from over 100 countries live and study here and with an array of student societies, a range of exciting events and club nights, there is always something to do. The Students' Union is widely regarded as one of the most active in the country.

We have a proud tradition of music and performance. You can play in a band, join one of our choirs, perform in musical theatre, sing in the opera or act in a play. To keep fit you can join one of our 39 sports clubs, from American Football to Fencing, or sign up to our be.active programme.

Individuality

As a member of our campus-based community, you'll be treated as an individual. You'll be known by name, and you'll be able to increasingly specialise as you progress through your degree.

"Studying at Royal Holloway feels like a once in a lifetime thing. I get to meet a lot of amazing people here, and they all come from so many different places. I feel that I'm part of the community, so it's very special."

Willow, Singapore, studied International Foundation Year and progressed to BA in English and Philosophy

Become a **global citizen** at the International Study Centre

The International Study Centre

Now in our sixth year of welcoming students, we provide academic tuition and language support to prepare international students to enter a degree programme at Royal Holloway University. With our expertise in international education, we will provide you with the skills and confidence needed to begin your undergraduate studies.

University-style teaching

At the International Study Centre, we will introduce you to the style of teaching that you will continue with when you progress on to your degree. You will experience small group and individual tutorials, seminar-style classes and larger group lectures.

Students' Union

This is the hub of student life on campus. The Union actively represents the students of Royal Holloway, University of London and promotes your needs and interests by offering participation, bars and entertainment, support and advice, clubs and societies, catering, transport, volunteering, campaigning and advocacy. All of which complement your academic study, ensuring that your university experience is the best that it can be.

Facilities

When you're a student at Royal Holloway, you'll find all the facilities you need on campus. These include a new state-of-the-art library and student services centre, spacious lecture theatres including one in the award-winning Windsor Building, multi-faith worship facilities, shop, places to eat and drink and excellent sporting facilities.

Students who progress to a degree in a science, technology, engineering or maths related discipline will benefit from access to state-of-the-art research facilities. As one of the UK's leading research intensive universities, Royal Holloway is home to a thriving research community working in diverse areas including biomedical sciences, plant molecular sciences, quantum dynamics, information security, algorithms, bioinformatics and nanotechnology.

Access to university facilities

As a student of the International Study Centre, you will be part of the Royal Holloway community from the day you start your programme, and can therefore use all of the facilities on campus.

PREPARE FOR YOUR DEGREE ALONGSIDE OTHER INTERNATIONAL STUDENTS

Support and advice

At the International Study Centre we understand that moving to a new country is a big change and we provide ongoing support to ensure you settle in to your new surroundings. Our Student Support team is available to speak to students about any matters unrelated to studies, from adjusting to your new life in the UK, to health and personal matters.

You will also receive continuing academic support to help you get the most from your education. Our team will help you choose the right degree programme, advising on entry requirements, career opportunities and suitable subjects to achieve your goals. When you start your course you will receive academic support from your tutors, both during your classes and outside of class time, to ensure you succeed in your studies.

Careers and employability

CareerAhead is our careers service designed to give you a head-start in today's competitive graduate employment market.

We have embedded this into our curriculum, ensuring that current industry trends are linked to your academic subjects. When you arrive you will take an aptitude test so you have an insight into your strengths and where to improve throughout the year.

You will also benefit from talks with industry guests, a trip to a local company, and a Career Day where Royal Holloway's Career Services will discuss your options with you. We also invite recruiters to discuss expectations when looking for a job, and hold workshops on writing personal statements, networking, and setting up a LinkedIn profile.

“Studying at the International Study Centre has definitely prepared me for my first year at Royal Holloway. It helped in terms of knowing how to structure my essays the way the university would like them, bringing forward my basic knowledge of sociology into my current course, and adapting very well to the degree.”

Latifa, Bahrain, studied International Foundation Year and progressed to BSc Criminology and Sociology

International Foundation Year

The International Foundation Year is a three-term programme that will provide you with the academic and English language skills required to succeed at undergraduate level.

During the International Foundation Year you will specialise in your chosen field of study, and will also be introduced to a variety of related modules, giving you the ability to progress to combined degree courses. This allows you the unique opportunity to broaden your horizons and build on your existing academic knowledge.

During your studies you will be assessed in a number of ways to monitor your progress. Assessments could include coursework projects, essays, creative work, presentations and exams.

You can choose from one of the following pathways:

- Arts and Social Sciences
- Management and Economics
- Sciences

After completing the International Foundation Year and successfully meeting the progression grades for your chosen degree course, you will have the opportunity to progress to undergraduate study at the University.

You can choose from many options, including single honours, joint honours and major/minor combination degrees.

ENGLISH LANGUAGE PREPARATION

For students who do not meet the required IELTS scores to start the International Foundation Year programme, the International Study Centre offers an English language programme. This has been designed to increase your IELTS score to 5.0 – the entry requirement of the International Foundation Year – and can be started in either June or September.

If you have an English language level equivalent of IELTS 4.5, one term of the English Language Preparation is recommended for you to increase your score to 5.0.

ACADEMIC ENGLISH SKILLS

Academic English Skills aims to provide you with thorough training in the language and related academic skills which will enable you to best achieve your academic potential at University. These skills include the processes of academic writing, effective and extensive reading strategies, effective participation in seminars and delivery of presentations, and listening to and recording information effectively from lectures. You will also develop the accuracy and range of written and spoken language required to use language effectively and appropriately, with clarity and confidence in an academic context.

✓ KEY FACTS

ENTRY REQUIREMENTS

Academic: Students normally need to have a minimum of 12 years of schooling with good grades.

English language: Academic IELTS for UKVI 5.0 (minimum 5.0 in writing)*

Intake dates: September or January

COURSE LENGTH

Three terms: September to June or January to August

AGE

Students must be at least 17 years old at the start of the International Foundation Year.

HOURS OF STUDY

18 hours per week; 6 hours for English and 4 hours for each academic module.

**If you do not need a Tier 4 visa, or are exempted in another way, we can accept equivalent proof of English*

For information about English Language Preparation for International Foundation Year, entry requirements and details of tuition fees please visit royalholloway.ac.uk/isc

Arts and Social Sciences

Start your journey towards a global career in creative arts, politics or humanities.

This pathway will prepare you for a wide range of progression degrees at Royal Holloway.

Our unique combination of creative arts and humanities disciplines, along with a wealth of rich academic resources, research expertise, cultural opportunities and links with related companies provides a dynamic platform for developing your talents.

Be inspired, independent and imaginative in our vibrant intellectual environment.

WHAT YOU WILL STUDY

You will study English language modules as well as arts and social sciences topics.

Core modules

Academic English Skills (see page 8 for further detail)

Arts

A broad introduction to the study of arts at university, focusing on the historical background and influences of the arts on modern-day culture.

You will explore a range of classical studies, which you will analyse through themes including 'origins and transformations', 'origins of literature' and 'pre-colonialism'.

Sociology

You will be introduced to a range of issues which affect contemporary society, and study the research methods relevant to sociological investigations.

You will also study the way societies develop, their structure and the way in which they function, including aspects such as family, education, work and crime, and issues in which social divisions are prominent; poverty, health, race and gender.

Pathway-specific modules

You will be asked to select one of the following modules for study. In some cases modules will be designated as compulsory for your chosen progression degree or you will be required to choose an appropriate module in relation to your chosen degree, this will be discussed upon arrival in centre if changes are required.

Film and Media

You will be introduced to the key concepts of media activities and consider the role and impact of the media through a study of the news.

You will also learn basic textual criticism theory and broaden your knowledge by studying the theoretical and practical aspects of film production.

Music

You will enhance your skills, knowledge and understanding of communicating through music. This will include appreciation of the diverse and dynamic heritage of music, promoting spiritual and cultural development.

You will broaden your knowledge base, deepening your understanding of topics studied and practising appropriate study skills, to include critical thinking and problem-solving.

Politics

An introduction to International Relations theory, you will look at a range of issues that affect contemporary politics and develop an understanding of the principles of the legal system within England and Wales.

Psychology

You will learn about the historical development of psychology as well as key areas of contemporary research, including cognitive, biological, developmental and social psychology.

You will also study the methods of psychological research and will be required to evaluate the scientific status of issues associated with research involving humans and animals.

Management and Economics

Make your impact on the global world of business.

This pathway will prepare you for a range of management and economics-related degrees at the School of Management at Royal Holloway.

Split into two routes, you can choose to focus on Management or Economics, offering the perfect option if you're planning a career in business, finance or government.

WHAT YOU WILL STUDY

You will study English language modules, as well as management and economics-related topics.

Choose one of two course routes, depending on your desired progression degree. In some cases you will be required to choose an appropriate elective module in relation to your chosen degree, this can be discussed and amended upon arrival in centre if required.

Route A - Management

Core Modules of Academic English Skills, Business and Economics, plus you will be required to select one additional elective module for study.

Route B - Economics

Core Modules of Academic English Skills, Economics and Core Mathematics plus you will be required to select one additional elective module for study.

Modules

Business

You will gain an understanding of the reasons behind starting a business, how a business is organised, the different legal frameworks a business can adopt and how businesses work with stakeholders in the real world.

Economics

The course will include an introduction to financial accounting and also includes supply, demand, elasticity and price controls. You will study global economies, the effects of market failures and conduct a detailed study of competitive influences.

Core Mathematics

This module will enable you to develop your knowledge of algebra, solving equations and using graphs to represent findings. You will also focus on statistical mathematics, including probability, hypothesis testing, sampling and estimation.

You will develop your ability to apply a wide range of techniques for understanding and analysing data, the emphasis is on understanding the implications of various techniques in practical situations.

Politics

An introduction to International Relations theory, you will look at a range of issues that affect contemporary politics and develop an understanding of the principles of the legal system within England and Wales.

Topics include: Introduction to Global Politics; Historical Context of Global Politics; The Global Economy; States and Foreign Policy and UK Government and Politics.

Psychology

You will learn about the historical development of psychology as well as key areas of contemporary research, including cognitive, biological, developmental and social psychology.

You will also study the methods of psychological research and will be required to evaluate the scientific status of issues associated with research involving humans and animals.

Sociology

You will be introduced to a range of issues which affect contemporary society, and study the research methods relevant to sociological investigations.

You will also study the way societies develop, their structure and the way in which they function, including aspects such as family, education, work and crime, and issues in which social divisions are prominent; poverty, health, race and gender.

Complete University Guide, 2017

LEARN TO LEAD AND STUDY TOWARDS SUCCESS

Sciences

Learn with international researchers and lead the way.

The Sciences pathway will prepare you for an intensive science-related degree at Royal Holloway. The University offers a dynamic research environment, which is essential in maintaining academic excellence at all levels, and this provides a very strong base for further research growth.

This pathway is split into two routes, General Sciences and Psychology, your chosen progression degree will determine which route you take and the modules that you will study.

WHAT YOU WILL STUDY

You will study English language modules as well as science-related topics. Choose from two course routes, depending on your progression degree.

Route A – General Sciences

Core Modules: Academic English Skills, Applied Mathematics, Pure Mathematics and Physics.

Please note – students will not have the option to select any additional optional modules with this route.

Route B – Psychology

Core Modules: Academic English Skills, Core Mathematics and Psychology, plus you will be required to select one additional elective module for study.

In some cases you will be required to choose an appropriate elective module in relation to your chosen degree, this can be discussed and amended upon arrival in centre if required.

Modules

Applied Mathematics

You will develop your ability to recognise how a real world situation may be represented mathematically and how mathematical models can be improved and refined. You will be required to broaden your subject knowledge and deepen your understanding of the world around you.

Core Mathematics

This module will enable you to develop your knowledge of algebra, solving equations and using graphs to represent findings. You will also focus on statistical mathematics, including probability, hypothesis testing, sampling and estimation.

Physics

You will gain a basic knowledge of atomic physics, materials, heat and gases, and oscillations and waves.

On completion of the programme, you will be able to understand the main ideas and methods of physics and apply your understanding to solve problems. You will also be able to describe phenomena in terms of geometrical, pictorial and mathematical models.

Psychology

You will learn about the historical development of psychology as well as key areas of contemporary research, including cognitive, biological, developmental and social psychology.

You will also study the methods of psychological research and will be required to evaluate the scientific status of issues associated with research involving humans and animals.

Pure Mathematics

This module will develop your knowledge of algebra, solving equations and sketching graphs. A major part of this will be the use of calculus, focusing on functions, derivatives and integrals and their application in the 'real world'.

Business

You will gain an understanding of the reasons behind starting a business, how a business is organised, the different legal frameworks a business can adopt and how businesses work with stakeholders in the real world.

Sociology

You will be introduced to a range of issues which affect contemporary society, and study the research methods relevant to sociological investigations.

You will also study the way societies develop, their structure and the way in which they function, including aspects such as family, education, work and crime, and issues in which social divisions are prominent; poverty, health, race and gender.

PROGRESSION DEGREES

- BSc Applied Psychology
- BSc Astrophysics
- BSc Computer Science (can also be studied with Mathematics)
- BSc Computer Science (Artificial Intelligence)*
- BSc Computer Science (Information Security)*
- BSc Computer Science (Software Engineering)*
- BSc Criminology and Psychology*
- BEng/MEng Electronic Engineering*
- BSc Environmental Geology*
- BSc Experimental Physics
- BSc Geology*
- BSc Mathematical Studies
- BSc Mathematics (can also be studied with a language, Management, Physics, Philosophy or Statistics)
- BSc Petroleum Geology
- BSc Physical Geography
- BSc Physics (can also be studied with Music, Particle Physics or Philosophy)
- BSc Psychology
- BSc Psychology, Clinical and Cognitive Neuroscience
- BSc Psychology, Clinical Psychology and Mental Health
- BSc Psychology, Development and Developmental Disorders
- BSc Theoretical Physics

Living and learning at Royal Holloway

Our perfect location

Royal Holloway is located in Egham in Surrey, a tranquil, student-friendly town. The campus is only 40 minutes from central London by train but the surroundings are a world away from the busy capital. Situated in 135 acres of parkland, and close to Windsor Great Park, the University provides everything you could require as a student. This ranges from a weekly international food market to laundry facilities, social venues and a variety of restaurants.

Internationally-renowned culture, shopping areas and nightlife are all within easy reach in London. You can then come home to a safe and quiet campus, where living costs are more affordable than in the capital.

Your home during studies

During your time at the Royal Holloway International Study Centre you can choose to live in allocated student accommodation (known as 'halls') or arrange your own private accommodation.

Living in halls

Living in halls is a big part of the student experience. A dedicated team of residential staff will look after you, ensuring you are provided with a secure and comfortable home throughout your stay.

There are several options, depending on your budget and needs, ranging from a shared room with a washbasin to a private room with its own bathroom (ensuite).

All study bedrooms in halls are equipped with necessary furniture such as a desk, chair, bed, etc. Please note that some halls may not be available for all intakes.

Private accommodation

You can also arrange accommodation privately. We can assist with this process, just ask your agent or Student Enrolment Adviser for more details.

For more information about accommodation, visit rhulisc.com/before-you-arrive/accommodation

"I think that's one of the main features that makes Royal Holloway special, as an international student you feel welcome here"

Omar, Saudi Arabia, studied International Foundation Year and progressed to BSc (Hons) Computer Science (Information Security)

Your next steps

HOW TO APPLY

If you would like to apply to study at the Royal Holloway International Study Centre, you will need to complete an application form and submit the relevant documentation.

You can either apply through your local education agent or directly via our website.

If you are applying directly and have a question, then a Student Enrolment Adviser will be happy to help. They speak a variety of languages and understand several more.

+ 44 (0) 1273339333

royalholloway.ac.uk/isc

STUDENT INSURANCE

We strongly recommend that international students have the protection of personal insurance whilst in the UK. To cover you as a student at the International Study Centre, you may wish to purchase our “StudyCare Insurance Plus” insurance cover. This policy will cover you for loss of personal possessions, travel delay, as well as providing medical insurance until the end of your International Study Centre academic programme. You can purchase StudyCare Insurance Plus as part of the application process. If you prefer, you may take out insurance cover with another provider.

SOCIAL MEDIA

Why not join our social media community and see what life is like at Royal Holloway before you arrive?

facebook.com/RoyalHollowayISC

youtube.com/RoyalHollowayISCUK

How to get there: Heathrow Airport is about seven miles from Royal Holloway and Gatwick Airport is 35 miles away. Taxis are available at both airports, which you can organise in advance via your Student Enrolment Adviser or local agent.

This brochure is issued for the general guidance of students considering entry to the Royal Holloway International Study Centre from June 2018.

The information is correct at the time of going to press and the programmes and services described here in are those which Study Group is planning to offer. We make every effort to ensure that the content of our prospectus, website and other materials is accurate. However, on occasion it may be necessary to alter certain aspects of a module or programme, for example if changes are required to meet external requirements; or if programmes are over-subscribed and the quality of teaching would be adversely affected as a result.

In such circumstances we may have to alter the timetable, change the teaching location of the programme or, in extreme cases, cancel or substantially amend the content of the programme. Should any of these changes become necessary, we will give you as much notice as possible before they come into effect and ensure that any disruption to your studies is minimised.

If your programme is cancelled, we will work in consultation with you to offer a suitable alternative, subject to meeting the admission requirements for that programme or the opportunity to obtain a refund of any advance payments you have made for the programme. The alternative programme may not be at the same International Study Centre as the original offer.

The International Foundation Year is approved by the university for purposes of progression to undergraduate degree study.

Study Group reserves the right, where applicable, to amend the regulations governing programmes at Royal Holloway International Study Centre. We therefore strongly recommend that immediately prior to making any application to – or accepting any offer from – us, you refer to the most up-to-date version of the programme descriptions and specifications and the regulations on Royal Holloway International Study Centre website.

Neither the university nor Study Group shall be liable for any errors or omissions that may be contained in this prospectus.

Royal Holloway International Study Centre is part of Study Group, a global leader in preparing students for international academic success and rewarding careers through a life-changing learning experience. We offer customised programmes across higher and language education starting from High School to life-long learning. Study Group taught more than 70,000 students from 163 countries across the UK, Europe, USA, Canada, Australia and New Zealand in 2016.
