Modern facilities

YORK IS AMONG THE UK'S BEST UNIVERSITIES, IN ONE OF ENGLAND'S MOST HISTORIC CITIES. IT CONSISTENTLY RANKS TOP 20 NATIONALLY, SO YOU'LL RECEIVE NOT ONLY A GREAT EDUCATION, BUT ALSO A REAL ADVANTAGE WHEN YOU START YOUR CHOSEN CAREER.

Prestigious education

At the University of York, you'll get an education that will help you stand out. With consistently excellent rankings both nationally and worldwide, the University has a superb international reputation. This is why York degrees are valued so highly by employers – as a York graduate, you'll have a great career advantage.

International experience

It won't take long for you to feel at home at York. Right from your first day, you will benefit from a fantastic support network, including guaranteed accommodation for the whole of your degree*. And you won't be alone: the University has an incredibly diverse campus community, welcoming students from 145 countries around the world.

* Excludes work placements and years studying abroad

Research powerhouse

As a member of the elite Russell Group of universities, York is one of the world's premier institutions for life-changing research. Its research impact was also ranked 10th out of 155 higher education institutions in the 2014 Research Excellence Framework†. With this expertise, you'll benefit from state-of-the-art facilities, great teaching, and the University's strong links with leading global companies such as IBM, Mercedes-Benz and Microsoft.

† Times Higher Education, excluding specialist institutions which have submitted fewer than four units of assessment

GET TO KNOW THE CAMPUS

THE UNIVERSITY OF YORK OFFERS YOU A SAFE CAMPUS IN A VIBRANT, STUDENT-FRIENDLY CITY. HERE, YOU CAN STUDY IN A BEAUTIFUL ENVIRONMENT WITH MODERN FACILITIES, AND BE PART OF A DIVERSE ACADEMIC COMMUNITY.

Beautiful campus

Ideal campus environment

The University has an attractive campus with over 500 acres of green parkland, lakes and woodland, plus a mix of modern and historic buildings. Based just outside the medieval centre of York, the campus is also full of wildlife — you can find ducks, swans, rabbits and geese here!

Join the fun

Outside of studying, there is so much to get involved in at the University of York. The Students' Union runs over 200 societies for all kinds of interests. If you love staying active and healthy, there are over 60 sports clubs to join, so you're sure to find an activity you enjoy.

Over 200 societies

Well-equipped study spaces

Lakes, woodland and wildlife

Everything you need

You'll have so many ways to fill your time at York; the campus has a wide range of study and leisure facilities. The University has invested £500m in study spaces, libraries, IT suites, halls of residence, sports facilities and more. When you're not writing essays or revising for exams, you can make use of on-campus shops, restaurants, cafés and bars, or explore the city centre.

CAMPUS LOCATION

The main University of York campus has two areas: Campus West and Campus East. They are a short walk from each other, and each has its own modern facilities. You are also just a quick cycle ride or bus journey from the centre of York. In town, the historic King's Manor is home to the Department of Archaeology and several study and research centres.

GET TO KNOW YORK

Admire stunning architecture

Enjoy social and cultural events

Explore York's unique history

Take scenic city centre walks

YORK IS RENOWNED FOR ITS RICH HISTORY AND HERITAGE, AND WALKING ITS STREETS FEELS LIKE YOU'RE STEPPING BACK IN TIME. IT'S ALSO A THRIVING MODERN CITY THAT'S SAFE FOR STUDENTS AND ATTRACTS VISITORS FROM AROUND THE WORLD.

Explore history

York's important place in British history is clear as soon as you arrive. The huge York Minster, one of the largest Gothic cathedrals in the world, dominates the city's landscape.

York was a very powerful city in both the Roman and Medieval eras, and one Roman emperor was even crowned here. This impressive past is still evident today, most clearly from York's famous city walls.

Enjoy superb shopping

The cobbled streets and medieval buildings may seem like something from a historic film, but York is in fact a paradise for modern shoppers, and you won't be disappointed.

There are many different shops here, ranging from department stores to designer outlets. Shambles Market is also popular, offering you everything from North African street food to imported cosmetics and clothing.

Experience unique culture

You have so much to see and do in York: food and drink festivals, Science Week and a Christmas Market, as well as a popular Viking Festival – York was historically known by the name “Jorvik”. You can explore the city's exciting Viking history at Jorvik Viking Museum, one of several museums that examine York's important past.

Just some of the exciting cultural events in York include productions at the York Theatre Royal and horse racing at York Racecourse.

Travel the UK

In York, you'll be well placed to experience the rest of the UK. The nearby Yorkshire countryside is beautiful and easy to visit. For an exciting day out, London is under two hours away by train. The major cities of Leeds and Manchester are even closer, and each has its own international airport with flights to many parts of the world.

If you want a weekend away, you can easily get to Edinburgh by rail, and discover incredible Scottish history and scenery.

**YOUR PATH TO
UNIVERSITY**

ROUTES TO THE UNIVERSITY OF YORK

YOU HAVE A RANGE OF PATHS TO THE UNIVERSITY OF YORK. IF YOU'D LIKE TO GAIN A PRESTIGIOUS YORK DEGREE, A PATHWAY COURSE AT THE UNIVERSITY OF YORK INTERNATIONAL PATHWAY COLLEGE CAN HELP YOU GAIN ENTRY.

What is a pathway course?

If you've finished high school, a pathway course can help you gain entry to a UK Bachelors degree. Similarly, if you've completed at least three years of higher education, a pathway course can be your route to a UK Masters degree. The course will bridge the gap between your current qualifications and your degree entry requirements, and give you a solid base for success at university.

You'll take your pathway course on campus at the University of York International Pathway College. The course will give you the study skills, language ability and academic knowledge you need to progress to a York degree. You are guaranteed entry if you pass your pathway course at the required level with good attendance.

The courses to the right are taught at the University of York International Pathway College.

Alternatively, you can take a Foundation Certificate or Pre-Masters at Kaplan International College London, for entry to a University of York degree.

Foundation Certificate

If you have completed high school or equivalent, but do not qualify for entry to your chosen Bachelors degree.

Pre-Masters

If you have completed a Bachelors degree or equivalent, and need extra preparation to qualify for entry to your chosen Masters degree.

Pre-Sessional English

If you:

- wish to apply for a University of York degree, but need to improve your level of English to qualify
- hold an offer for a UK university degree*, and either need to, or want to, improve your English level.

* Please check with your destination university whether this qualification is accepted as preparation for your chosen degree.

STUDY YOUR WAY

† If you have a lower IELTS score, you could still take a pathway course at Kaplan International College (KIC) London, leading to a University of York degree. For more information about KIC London, see page 30.

‡ Please note that selected undergraduate degrees include an additional year of study abroad, a work placement in industry or an integrated Masters (MBiol, MBIomedSci MChem, MEng, MEnv, MPhys, MPsych).

INTERNATIONAL PATHWAY COLLEGE

THE UNIVERSITY OF YORK INTERNATIONAL PATHWAY COLLEGE OFFERS YOU ON-CAMPUS PATHWAY COURSES, LEADING TO DEGREES AT THE UNIVERSITY.

Exceptional resources

At the International Pathway College, you'll have access to excellent resources and state-of-the-art facilities. You can also make the most of everything offered by the University, including libraries, IT suites, study spaces, the Students' Union and York Sports Village. You're just like a degree student from your first day!

Social setting

You'll receive dedicated support while you're at the Pathway College, including a fun-filled Welcome Week when you arrive. It's a great chance to meet students from the Pathway College and the University. You can also enjoy social activities that we organise throughout the year, allowing you to settle in and make friends.

Full preparation

With high-quality facilities and talented teaching staff, you can be confident that your pathway course will fully prepare you for your degree. Courses are tailored to the needs of international students, and staff will do everything they can to ensure you successfully progress to your University of York degree.

Meet new friends at Welcome Week

“ We're so pleased that you're thinking about studying at the International Pathway College. Our great teachers and support staff will help you to achieve your very best, and to succeed on your degree at the University of York. We look forward to welcoming you to campus!”

Dr Matthew Perry
Director at the University of York
International Pathway College

LEARN YOUR WAY

AT THE INTERNATIONAL PATHWAY COLLEGE,
YOU'LL RECEIVE EXCELLENT SUPPORT AND
A SPECIALLY DESIGNED STUDY PROGRAMME,
SO THAT YOU CAN STUDY YOUR WAY.

WATCH SOME TOP TIPS FROM TEACHERS

kpln.org/teachers-tips

Inspiring teachers

The best teachers are those who can inspire their students, and who have in-depth knowledge in their field. While at the Pathway College, you'll be taught by University of York staff who are highly respected academic experts, with many years of experience in their subjects.

Tailored support

At the Pathway College, you'll take a course that has been specifically designed for international students. Your teachers will focus on improving your subject knowledge, academic skills and English language level, preparing you for your University of York degree. Tutors often tailor the module content to the needs of their students, and will monitor your progress with assessments and reports.

 *All International Pathway College courses are taught by University of York subject specialists. Our tutors are passionate about helping you achieve your goals at university and beyond. For example, our Science team is keen to include as many practical sessions as possible, so that you get the most out of your study experience."*

Dr Ben Flowerdew

Deputy Director of Teaching at the University of York
International Pathway College

REAL-LIFE TEACHING AT THE INTERNATIONAL PATHWAY COLLEGE

On their Pre-Masters, students were asked to examine the corporate culture of a business from their home country. One group chose to study the practices and policies of a famous chain restaurant in China. By applying theories and concepts they learnt in lectures and seminars to something familiar, the students were quickly able to understand complex ideas, and adapt to the British style of university education.

SUPPORT AT EVERY STEP

WHEN YOU COME TO THE UNIVERSITY OF YORK INTERNATIONAL PATHWAY COLLEGE, WE'LL BE WITH YOU ALL THE WAY, FROM BEFORE YOU ARRIVE TO WHEN YOU START YOUR DEGREE.

Before you arrive

We'll begin supporting you even before you come to the UK. When you accept your study offer, we'll send you a useful pre-arrival pack with key information about studying in York. If you're under 18 years old, we can arrange the legal guardian that you'll need during your studies for your wellbeing.

After you arrive

When you land in the UK, we can meet you at the airport and take you directly to your accommodation. We want to be sure that you're happy and comfortable, so that you have the best possible start to your York experience.

WELCOME WEEK

Before your Pathway College classes start, there's Welcome Week. It is full of activities and on-campus events, designed to welcome new students. It's a chance to find your way around campus and meet new people, and we'll even invite your parents to a special event at the beginning of your course. Our staff will also help you set up a bank account and register with a doctor, so that you're ready for student life in York.

LEARN MORE AND WATCH VIDEOS ABOUT STUDENT SUPPORT SERVICES

kaplanpathways.com/york-support

Ongoing support

We'll support you throughout your pathway course, as your happiness is our top priority. We'll also organise frequent events, trips and activities to make your time here enjoyable. You'll be able to leave with fantastic memories and new friends, and you'll feel confident on campus.

Progressing to your degree

When you finish your pathway course, we will help you with your next big step: continuing to your degree at the University of York. We'll advise you on extending your visa, and explore your study options if necessary.

JOIN IN THE FUN!

It's important to take a break from your studies every now and then. That's why the International Pathway College organises fun activities and trips for everyone.

You might visit York Minster together, enjoy fun-filled nights out, or even explore the nearby Yorkshire Dales National Park.

SEE MORE ABOUT THE PATHWAY COLLEGE ONLINE

kaplanpathways.com/york

LIVE YOUR WAY

IT'S IMPORTANT TO HAVE A PRIVATE SPACE THAT'S YOUR HOME FROM HOME. THAT'S EXACTLY WHAT THE INTERNATIONAL PATHWAY COLLEGE OFFERS: COMFORTABLE, HIGH-QUALITY HOUSING FOR INTERNATIONAL STUDENTS.

Guaranteed accommodation

You are guaranteed housing during your time at University of York International Pathway College*, and for the full length of your York degree†. It's our way of making sure that you have a happy living environment while you study.

Comfortable living

You'll have a private room with a desk, chair and comfortable bed, giving you a quiet place to study, relax and sleep. You'll also have a private bathroom, plus access to a shared kitchen and dining area, meaning you can easily make new friends when you arrive.

Live on campus

As a York student, you'll be a member of a residential college community on campus, which will provide you with an immediate support network. There are many events and activities throughout the year, so you will meet lots of people.

Convenient location

You'll live close to your new friends, making it easy to meet at nearby campus restaurants and cafés. The University facilities, including the Library, sports halls and Students' Union, are just minutes away. The city centre is also easily accessible from your new home.

WHAT'S INCLUDED?

- Your own private bedroom
- Private bathroom facilities
- All electricity and water bills
- WiFi and 100Mbps wired internet access
- Shared kitchen and dining area
- Student bedding and cooking equipment pack

* On the condition that you pay your tuition deposit, accept your study offer and submit by the accommodation guarantee deadline date.

† Excludes work placements and years studying abroad.

BOOKING YOUR ACCOMMODATION

THERE ARE MANY BENEFITS TO STAYING IN OUR ACCOMMODATION DURING YOUR PATHWAY COURSE, STARTING WITH THE EASY BOOKING PROCESS!

Accommodation availability

The residences featured in this brochure are examples only. The exact accommodation available to you depends on your College course type, start date, and length.

Example accommodation prices

Prices depend on your course length and accommodation choice.

Intake	Course length (contract length)	Approximate prices*
Autumn 2019	2 terms (37 weeks)	£6,503–£6,688
	3 terms (49 weeks)	£8,482–£9,413
Spring 2020	2 terms (34 weeks)	£6,069–£6,585

* Pricing and contract length examples are an illustration. Confirmed pricing for each intake will be available on our website once the relevant booking period opens.

How to book your accommodation

You can apply for accommodation at the same time that you apply for your course.

1. Indicate on the Pathway College application form that you require accommodation.

2. After receiving your study offer, book your accommodation by completing the online form and paying the holding fee (typically £1,000) when you accept your offer.

3. You'll then receive your accommodation agreement. Read, sign and return this to reserve your room.

LONDON STUDY CENTRE

IT'S ALSO POSSIBLE TO PROGRESS TO THE UNIVERSITY OF YORK THROUGH KAPLAN INTERNATIONAL COLLEGE (KIC) LONDON. YOU CAN TAKE A PATHWAY COURSE IN THE UK'S CAPITAL CITY, BEFORE TRANSFERRING TO YORK FOR YOUR DEGREE.

Fantastic location

Flexible learning spaces

Explore London's amazing attractions

KIC LONDON

Two locations, one great experience

Studying your pathway course at KIC London, then your degree at the University of York, lets you experience two fantastic but very different British cities. You'll see more of the UK, and have a hugely rewarding study experience.

Brand new facilities and support

KIC London has everything you need to succeed on your pathway course. Recently refurbished to provide you with brand new facilities, the College offers high-tech, flexible learning spaces, free WiFi and plenty of areas to study or relax. It's a great place for you to meet other students, and you'll be supported at every stage of your study experience. You can also choose to live in our comfortable, secure accommodation close to KIC London.

Superb location

The College is located on the south bank of the River Thames, in the heart of London. There are many iconic attractions nearby, like the Shard, the Globe Theatre and the Tate Modern art gallery. The rest of London is easy to explore, with world-class shopping and entertainment on nearly every corner.

Foundation Certificate

Humanities, Creative Arts and Media

at the University of York International Pathway College

Humanities, Creative Arts and Media is a wide subject area concerned with human society and culture, and it can cover everything from Languages and History to Film and Journalism. On this course, you can gain a solid set of skills that you'll need to succeed at university, and start your path to a great career.

Example careers: Archaeologist | Cinematographer | Criminologist | Film Director | Screenwriter | Sociologist | Translator

YOUR COURSE OPTIONS

	Academic entry level	Minimum UKVI IELTS score	Course start	Course end	Degree entry	Tuition fees
2 terms	High school completion	5.5 (no less than 4.5 in any skill)	September 2019	June 2020	September 2020	£17,080
			January 2020	September 2020		
3 terms	High school completion	5.0 (no less than 4.0 in any skill)	September 2019	September 2020	September 2020	£18,285

COURSE MODULES (SEE PAGE 53 FOR MODULE CONTENTS)

2 terms

All students study these modules to gain a solid base of skills:

- 21st Century Media
- Language and Study Skills 2
- State and Society
- Statistics

3 terms

Study additional modules to help you reach university:

- Contemporary Global Issues
- Foundation Mathematics
- Language and Study Skills 1

Your degree possibilities

See page 34 for specific degrees that this Foundation Certificate can lead to.

Foundation Certificate

Law and Social Sciences

at the University of York International Pathway College

Studying Law and Social Sciences is an exciting opportunity to gain a broad skill set in areas such as Languages, Law and History. An education in this field could help you go on to a truly interesting and meaningful career. On this course, you will gain the skills that you'll need to succeed at university.

Example careers: Archaeologist | Art Curator | Film Producer | Judge | Lawyer | Policy Maker | Translator | Sociologist

YOUR COURSE OPTIONS

	Academic entry level	Minimum UKVI IELTS score	Course start	Course end	Degree entry	Tuition fees
2 terms	High school completion	5.5 (no less than 4.5 in any skill)	September 2019	June 2020	September 2020	£17,080
			January 2020	September 2020		
3 terms	High school completion	5.0 (no less than 4.0 in any skill)	September 2019	September 2020	September 2020	£18,285

COURSE MODULES (SEE PAGE 54 FOR MODULE CONTENTS)

2 terms

2.5 and 3 terms

3.5 and 4 terms

All students study these modules to gain a solid base of skills:

- English for Academic Purposes
- Extended Project

You will also take 2–3 of the following that best fit your degree and career goals (for progression to some degrees, the University will require you to take particular modules):

- Business Organisations and Management
- Contemporary Global Issues
- Economics
- Entrepreneurship
- Historical Perspectives
- Intermediate Mathematics
- Logic and Critical Thinking
- Mathematics
- People, Culture and Society
- Statistics

You'll also study these modules if your English level is below UKVI IELTS 5.5:

- English for Academic Study 3
- Independent and Collaborative Study
- Reading and Writing 3
- Speaking and Listening 3

Or if you have at least UKVI IELTS 5.5, or do not need to take an IELTS test, you'll study:

- Critical Reading, Writing and Reasoning for Higher Education
- Independent and Collaborative Study

Plus 2 of the following 4 modules:

- Digital Applications
- Preparatory Mathematics
- Preparatory Statistics
- UK Society and Culture

Study additional modules to help you reach university:

- English for Academic Study 2
- Reading and Writing 2
- Speaking and Listening 2
- Study Skills Preparation

Foundation Certificate for

Science and Engineering

at Kaplan International College London

Science and Engineering covers many subjects, from Chemistry to Information Technology. During this Foundation Certificate, you'll gain a solid base of scientific skills and knowledge, which will help you prepare for your degree and an exciting career path.

Example careers: Biologist | Biomedical Scientist | Data Scientist | Ecologist | Electronic Engineer | Physicist | Software Engineer

Personal development activities

During your pathway course, you'll also work on developing your online personal portfolio and practical skills, giving you a truly well-rounded experience. See page 55 for more details.

UNDERGRADUATE PATHWAY COURSE MODULES

FIND OUT WHAT YOU'LL STUDY IN YOUR COURSE MODULES IN THE SUMMARIES PROVIDED BELOW.

UNIVERSITY OF YORK INTERNATIONAL PATHWAY COLLEGE MODULE CONTENTS

2-TERM MODULES

21st Century Media

Study topical issues in media such as TV, film, games and the internet, and analyse media trends, issues and technologies.

Advanced Mathematics

Learn the mathematical skills needed for economics and actuarial science, and explore calculus, matrices, vectors, algebra and trigonometry.

Biology

Understand key concepts, structures and process within biology, and participate in a field trip to carry out an ecology project.

Business and Management

Explore the basics of national and international business environments, and understand the role of management and strategy in business.

Chemistry

Study physical, organic and inorganic chemistry, explore patterns in the periodic table, and learn to describe chemical reactions.

Contemporary Global Issues

Explore topical issues and their historical origins, and study the short and long-term implications of a variety of current affairs.

Introduction to Economics

Learn about micro and macro economics, and study aggregate economic behaviour and how an open economy works.

Introduction to Law

Learn about English law, and understand how to structure solutions to legal problems.

Language and Study Skills 2

Develop academic English knowledge, and apply academic style to written and spoken work.

Mathematics for Life Scientists

Learn the mathematics skills needed in life science studies.

Physics

Learn to use physics to explain common phenomena, and explore subatomic processes, fields, properties of materials, electricity and mechanics.

Robotics, Programming and Electronics

Design and programme a robot, and design and build simple electronic circuits.

State and Society

Explore the fundamentals of politics and sociology, and consider the relationship between the state, society and the individual.

Statistics

Learn basic algebra, as well as the skills needed to analyse and apply statistics in a range of ways.

3-TERM MODULES

Contemporary Global Issues

Explore topical issues and their historical origins, and study the short and long-term implications of a variety of current affairs.

Core Science

Learn about key scientific concepts and principles, and explore the most important topics in biology, chemistry and physics.

Foundation Mathematics

Understand core concepts of mathematics, and learn algebra, calculus and trigonometry.

Language and Study Skills 1

Learn how to speak, read, write and listen in an academic context, and improve your vocabulary, grammar and pronunciation.

UNDERGRADUATE PATHWAY COURSE MODULES

FIND OUT WHAT YOU'LL STUDY IN YOUR COURSE MODULES IN THE SUMMARIES PROVIDED BELOW.

KAPLAN INTERNATIONAL COLLEGE LONDON MODULE CONTENTS

2-TERM MODULES

Biology

Gain an understanding of biological systems and organisms, as well as key laboratory processes.

Business Organisations and Management

Examine key concepts in management theory and practice, and discuss issues relating to management in modern organisations.

Chemistry

Gain an understanding of chemical reactions, fundamental particles and the periodic table.

Contemporary Global Issues

Explore topical issues and their historical origins, and study the short and long-term implications of a variety of current affairs.

Economics

Gain an understanding of macro and micro economics, and explore current trends and issues in the field.

English for Academic Purposes

Develop your English to the level you need for university study, and to really get involved in academic discussions.

Entrepreneurship

Familiarise yourself with varied concepts of creativity, entrepreneurship and innovation, and how to apply them in business.

Extended Project

Learn how to plan, carry out and report an extended project. You can choose a project topic that matches your degree and career goals, and personal interests.

Historical Perspectives

Gain an understanding of the historical context of your chosen degree area, and skills such as researching, evaluating and interpreting sources.

Information Technology

Discover the key concepts of computer science, including data representation and programming languages.

Intermediate Digital Applications

Develop skills in problem-solving and creative practice using a range of software packages appropriate to your field of study.

Intermediate Mathematics

Expand your knowledge of mathematical concepts including algebra, geometry, problem-solving, trigonometry and vectors.

Logic and Critical Thinking

Explore the concepts, history and skills relating to logic and critical thinking, and how they apply in real-world contexts.

Mathematics

Develop your mathematical skill set in areas such as algebra, decision maths, probabilities and statistics.

People, Culture and Society

Learn about the history, theories and issues that relate to human culture and society around the world.

Physics

Gain an understanding of astrophysics, electromagnetism, mechanics and thermodynamics.

Statistics

Learn basic algebra, as well as the skills needed to analyse and apply statistics in a range of ways.

2.5 AND 3-TERM MODULES

Contemporary Global Issues

Explore the big issues facing humanity in the 21st century, and critically evaluate their causes and effects.

Critical Reading, Writing and Reasoning for Higher Education

Enhance your ability to read and understand complex ideas in English, and to compose convincing written arguments.

Digital Applications

Develop your digital skill set, helping you use digital tools to support academic study, including using and citing digital sources.

English for Academic Study 3

Expand your knowledge of English grammar and vocabulary to the level required for degree study.

Independent and Collaborative Study

Work independently and in teams on an academic task, and practise applying your subject knowledge and study skills.

Preparatory Mathematics

Develop your numeracy skills, including algebra, geometry and graphs.

Preparatory Science

Gain an introduction to core scientific knowledge, and subject-specific language required to study the sciences.

Preparatory Statistics

Build on your knowledge of using statistics, including the use of data to illustrate facts and support theories.

Reading and Writing 3

Develop your English reading and writing skills to a sufficient level to communicate complex ideas.

Speaking and Listening 3

Improve your ability to listen and speak in English, allowing you to fully engage with academic topics.

UK Society and Culture

Learn more about the culture and society of the UK, and how it differs from others.

3.5 AND 4-TERM MODULES

English for Academic Study 2

Improve your English grammar and vocabulary in order to communicate in an academic environment.

Reading and Writing 2

Develop your English reading and writing so that you can understand and articulate ideas and reasoning.

Speaking and Listening 2

Practise listening and speaking so that you are better prepared for academic debate and discussion.

Study Skills Preparation

Gain an introduction to the wide range of skills and strategies you'll need to succeed at university, such as research methods and using and citing sources.

PERSONAL DEVELOPMENT ACTIVITIES

Culture and activities

We'll help you have a very beneficial cultural and social experience, and encourage you to explore different activities, sports, crafts and more. You might learn about local history and culture, or develop your wider subject knowledge and understanding of related industries.

Digital and employability skills

Outside of your academic learning, you'll also be taught skills that will be useful at university and later in life. You'll receive help in making the most of your creativity, improving your communication and developing your digital skills. We'll also help you build a CV, portfolio and online profile to empower you after you graduate.

Social network

Forming a strong social network can be very beneficial, even if it's just to discuss and debate ideas. Not only will you get to know your classmates, you'll also have opportunities to join professional bodies, and network with students and industry professionals: something that can be really helpful when you go on to start a career.

YOUR PATH TO A POSTGRADUATE DEGREE

A PRE-MASTERS IS YOUR IDEAL ROUTE TO A POSTGRADUATE DEGREE AT THE UNIVERSITY OF YORK. THE ONE THAT’S RIGHT FOR YOU WILL DEPEND ON YOUR ACADEMIC AND ENGLISH LANGUAGE LEVEL, PLUS YOUR SUBJECT PREFERENCE.

Pre-Masters

You're guaranteed entry to a York postgraduate degree if you pass at the required level with good attendance.

Study on campus in York

You can study a Pre-Masters in one of the following subject areas at the University of York International Pathway College:

Business, Law, Social Sciences	page 60
Science, Engineering	page 62

Study off campus in London

You can study a Pre-Masters in one of the following subject areas at Kaplan International College London:

Business, Law and Social Sciences	page 64
Science and Engineering	page 66

What's the right path for me?

See page 58 to find the postgraduate degree you want, and to see which pathway course or courses lead there.

“ All of my tutors are very enthusiastic. They try to make us think for ourselves and encourage us to be creative. Studying abroad is a very good experience for me, because I now have a lot of time to focus on my studies and research, as well as on my hobbies.”

Kyungmin from South Korea
Followed his path to
Social Policy MA

**YOUR PATH, YOUR WAY:
A COURSE TO FIT YOUR NEEDS**

Your Pre-Masters will have a special combination of modules that's designed to fit your degree and career aspirations. This means that your course is matched to your unique goals.

During your Pre-Masters, you'll have frequent assessments to check that you're on track to progress to your University of York degree.

CHOOSE YOUR POSTGRADUATE DEGREE

POSTGRADUATE PATHWAY COURSE MODULES

FIND OUT WHAT YOU'LL STUDY IN YOUR COURSE MODULES IN THE SUMMARIES PROVIDED BELOW.

UNIVERSITY OF YORK INTERNATIONAL PATHWAY COLLEGE MODULE CONTENTS

2-TERM MODULES

European Liberal Democracy

Understand liberal democracy as the dominant type of political system in Europe, and study the relationship between politics and the media.

Global Corporate Marketing Strategies

Learn about global corporate and marketing strategy, and the marketing mix in a global environment.

Introduction to English, European and International Law

Understand key areas of English, European and international law, and learn legal principles and research techniques.

Introduction to Management

Understand functions of management and management models, and the contexts in which they are practised.

Language for Study 3

Learn how to make complex arguments in English and give evidence of research.

Mathematics for Postgraduates

Learn key differentiation and integration techniques, and study limits, sequences and series, equations of lines, planes and surfaces, and double and triple integrals and vector calculus.

Research Design and Critique

Define research problems and design projects to find solutions to those problems.

Research Project

Develop organisational and planning skills, and your ability to support arguments with evidence and text references.

Research Project – Science and Engineering

Develop organisational and planning skills, and support arguments with evidence and text references, and join an academic field trip.

Skills for Study 1

Learn presentation, note-taking and essay-writing skills, and develop research skills to avoid plagiarism.

Skills for Study 2

Develop analytical skills in written and spoken information.

Skills for Study 3

Research and analyse information to a high standard, and structure written and oral arguments.

Social Science Principles

Study natural and social phenomena, and learn about social science theories.

Statistics for Postgraduates

Learn methods of probability and statistics, experimental design and sampling, and develop data handling skills.

3-TERM MODULES

Applied Academic Skills

Develop listening and speaking skills, and methods for independent learning as an international student.

English for Academic Skills

Learn English language skills in an academic context, and improve your writing and speaking skills.

Research Project Basics

Learn good practices for academic research projects.

KAPLAN INTERNATIONAL COLLEGE LONDON MODULE CONTENTS

2-TERM MODULES

Advanced Social Science

Learn about the key theories in social sciences, and their relation to methodologies in the field.

Advanced Statistics

Critique research data and apply standard statistical tools for the analysis of research quality.

Engineering, Science and Society

Gain an awareness of ethical issues and debates surrounding research and innovation in the sciences.

English for Academic Purposes

Develop your English to the level you need for university study, and to really get involved in academic discussions.

Philosophy, History and Culture

Explore Western philosophy and its history, and analyse events and developments in your degree area in a historical and cultural context.

Project Management

Gain key skills in project management, and apply your knowledge to a project based on emerging technologies.

Research Project

Plan, execute and report a comprehensive research project; you'll choose a research topic based on your degree and career goals, and personal interests.

Strategic Management

Explore key concepts of strategic management, and evaluate their impact on businesses and their operations.

UK Society and Culture (Advanced)

Learn more about a range of aspects of British culture, as well as British cultural and social institutions.

2.5 AND 3-TERM MODULES

English for Academic Study 3

Expand your knowledge of English grammar and vocabulary to the level required for degree study.

Independent and Collaborative Study

Work independently and in teams on an academic task, and practise applying your subject knowledge and study skills.

Reading and Writing 3

Develop your English reading and writing skills to a sufficient level to communicate complex ideas.

Speaking and Listening 3

Improve your ability to listen and speak in English, allowing you to fully engage with academic topics.

3.5 AND 4-TERM MODULES

English for Academic Study 2

Improve your English grammar and vocabulary in order to communicate in an academic environment.

Reading and Writing 2

Develop your English reading and writing so that you can understand and articulate ideas and reasoning.

Speaking and Listening 2

Practise listening and speaking so that you are better prepared for academic debate and discussion.

Study Skills Preparation

Gain an introduction to the wide range of skills and strategies you'll need to succeed at university, such as research methods and using and citing sources.

PERSONAL DEVELOPMENT ACTIVITIES

Culture and activities

We will help you have a hugely beneficial cultural and social experience, and we will encourage you to explore different activities, sports, crafts and more. You might learn about local history and culture, or develop your wider subject knowledge and understanding of related industries.

Digital and employability skills

Outside of your academic learning, you'll also be taught skills that will be useful at university and later in life. You'll receive help in making the most of your creativity, improving your communication and developing your digital skills. We'll also help you build a CV, portfolio and online profile to empower you after you graduate.

Social network

Forming a strong social network can be very beneficial, even if it's just to discuss and debate ideas. Not only will you get to know your classmates, you'll also have opportunities to join professional bodies, and network with students and industry professionals: something that can be very helpful when you go on to start a career.

Pre-Sessional English

at the University of York International Pathway College

If you meet the academic requirements for a degree at the University of York, but just need to improve your English to be accepted, you can take a Pre-Sessional English course at the University of York International Pathway College.

CONDITIONAL OFFER HOLDERS

PRE-SESSIONAL ENGLISH

This comprehensive course will focus on developing your reading, writing, listening and speaking skills for academic purposes, helping you prepare for degree-level study. You will have the chance to develop English language and study skills related to your chosen degree area.

SUBJECT AREAS

You can choose from three different subject areas:

- Arts and Humanities*
- Sciences, Engineering and Maths*
- Social Sciences*

Alternatively, you can choose a Pre-Sessional English course for Postgraduate Language Teaching, or Postgraduate Management.

YOUR COURSE OPTIONS

	Course start	Course end	Application deadline	Tuition fees
10 weeks	4 July 2019	13 September 2019	7 June 2019	£3,920
15 weeks	30 May 2019	13 September 2019	3 May 2019	£5,880
20 weeks	18 April 2019	13 September 2019	22 March 2019	£7,840

FULL USE OF THE CAMPUS

During your Pre-Sessional English course at the Pathway College, you'll have full access to University of York facilities.

*Students who hold an offer from another university may apply to this course, but must ensure that they will meet the conditions of their degree offer by successfully completing the course.

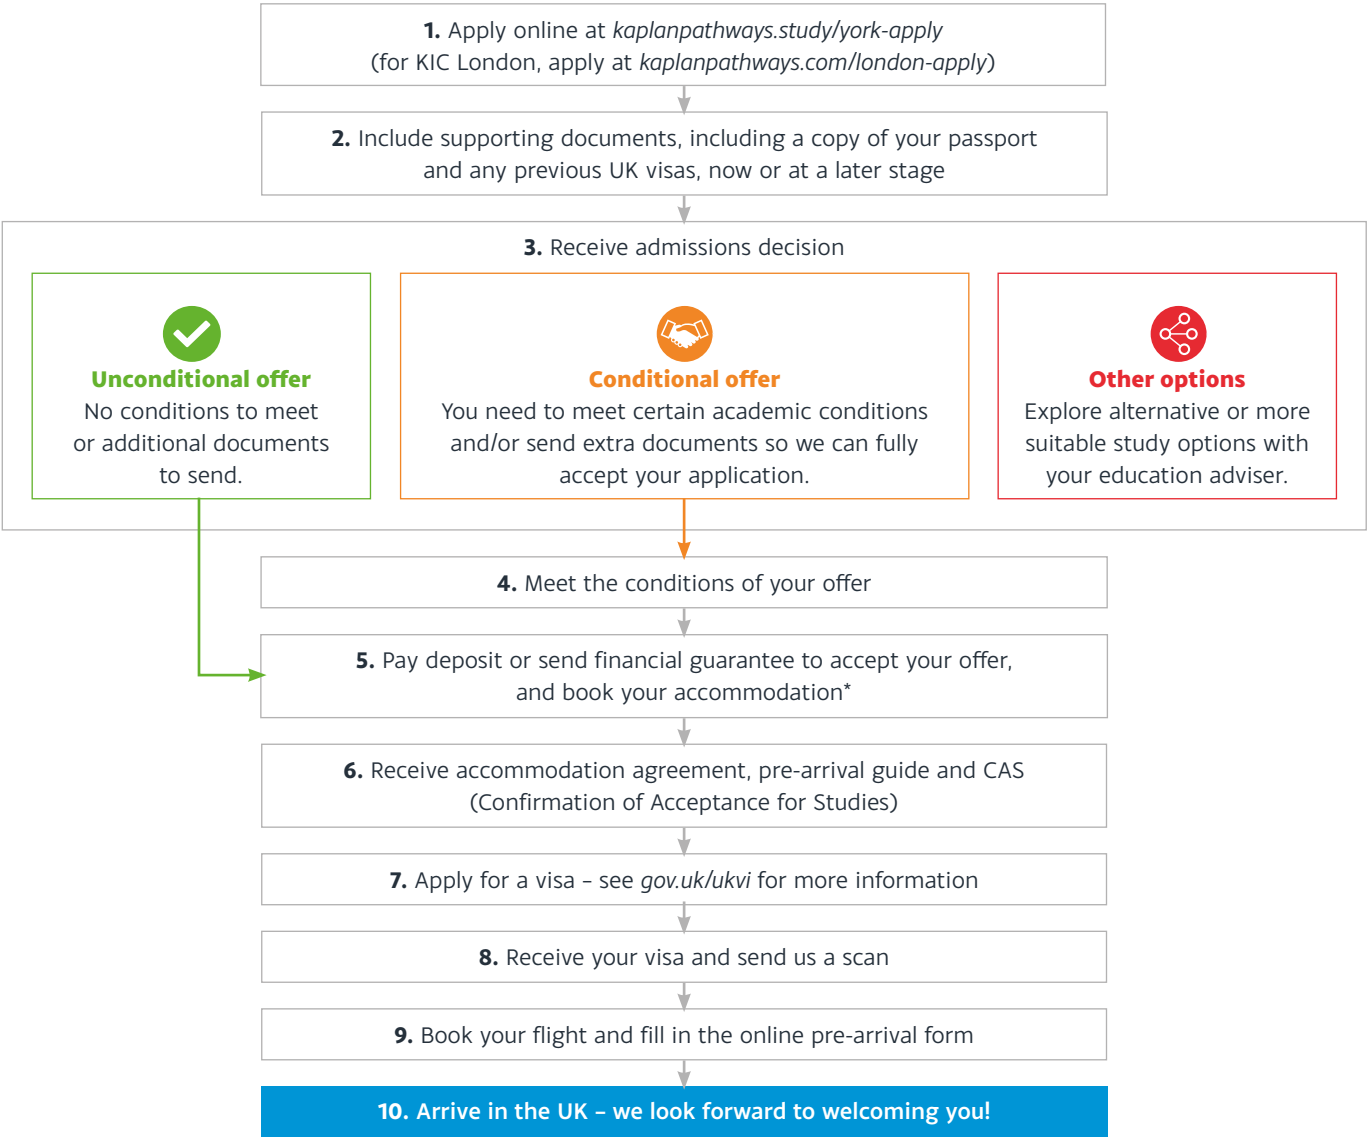

START YOUR PATH

HOW TO APPLY

APPLYING TO A PATHWAY COURSE FOR THE UNIVERSITY OF YORK IS EASY!
JUST FOLLOW THIS STEP-BY-STEP GUIDE, AND IF YOU HAVE ANY QUESTIONS,
OUR FRIENDLY ADVISERS WILL BE HAPPY TO HELP.

Join us on a University of York pathway course in 10 simple steps

* To book your accommodation, complete the accommodation booking form and pay the holding fee when you accept your offer. You will then receive your accommodation agreement, which you will need to read, sign and return to reserve your room. Note that students accepting an offer to study at KIC London also need to pay a £200 administration fee at the same time as the deposit.

ANY QUESTIONS?

See page 74 for answers to common questions, plus contact information.

QUESTIONS AND ANSWERS

IF YOU HAVE QUESTIONS ABOUT STUDYING AT THE UNIVERSITY OF YORK, LET US TRY TO ANSWER THEM BELOW, OR YOU CAN CONTACT US FOR HELP.

How much does it cost to study?

Studying in the UK is a big investment, so you need to plan ahead. You must have at least £1,015 per month of your Pathway College course, (£1,265 per month if you study in London), up to a maximum of nine months, as well as funds to cover any unpaid tuition fees. This must be held in a recognised bank account for at least 28 days before you apply for your Tier 4 (General) student visa. See the guide below for more information on costs.

What supporting documents do I need to provide?

For a complete application, you need to send us a few extra documents, including:

- copies of your passport and any previous UK visas
- IELTS certificate (UKVI Academic)
- academic transcripts (plus certified translations if the original transcripts aren't in English)

You can still apply without all these items, and submit them later.

How long does the application process take?

If your application to study is complete and successful, once our Admissions team receives it, they will issue a study offer within one working day. The duration of the following process varies, so apply at least a few months in advance. This gives enough time to prepare your visa application and reserve your accommodation.

Do I need insurance?

You'll need to be fully covered by student insurance for all of your pathway course in the UK. In partnership with Endsleigh, a leading insurance provider, we can offer a comprehensive policy. Find out more at: kaplanpathways.com/insurance

Are scholarships available?

Some partial tuition fee scholarships for pathway courses and degrees are offered. Find out more at: kaplanpathways.com/how-to-apply/scholarships

Do I need a guardian in the UK?

If you are under 18 years old, you'll need a legal guardian while you study in the UK until you reach 18. This is something we can help arrange – find out more at: collegeguardians.co.uk

Do I need to bring a laptop or other device for studying?

You'll need to bring a device to use during your studies, ideally a laptop. If you don't have one, the College Services team can assist you in buying one when you arrive.

How can I apply for Pre-Sessional English (PSE)?

If you want to study a PSE course, contact: kaplanpathways.com/york-pse

This prospectus has been drafted in advance of the academic year to which it applies. Every effort has been made to ensure that the information is accurate at the time of publishing. Given the interval between publishing and commencement of the course, however, it can in exceptional cases be necessary to make changes, for example to courses, facilities or fees because of legitimate staffing, financial, regulatory or academic reasons. Changes to courses may for example consist of variations to the content and method of delivery of programmes, courses and other services; discontinuation of programmes, courses and other services; and the merging or combining of programmes or courses. It is therefore very important to check the website or contact us for any updates before you apply. Once you have applied, any change which impacts the terms and conditions of your offer or a significant part of your programme will be communicated to you. Published December 2018.
