## Before you arrive

Once you've confirmed your place at **ONCAMPUS**, we'll help with a whole host of things such as **visas, what to expect on arrival in the UK, insurance and how to get to the centre**. We'll provide information on accommodation, finance and things to bring with you, from essential forms and certificates to advice on extra clothes for winter!

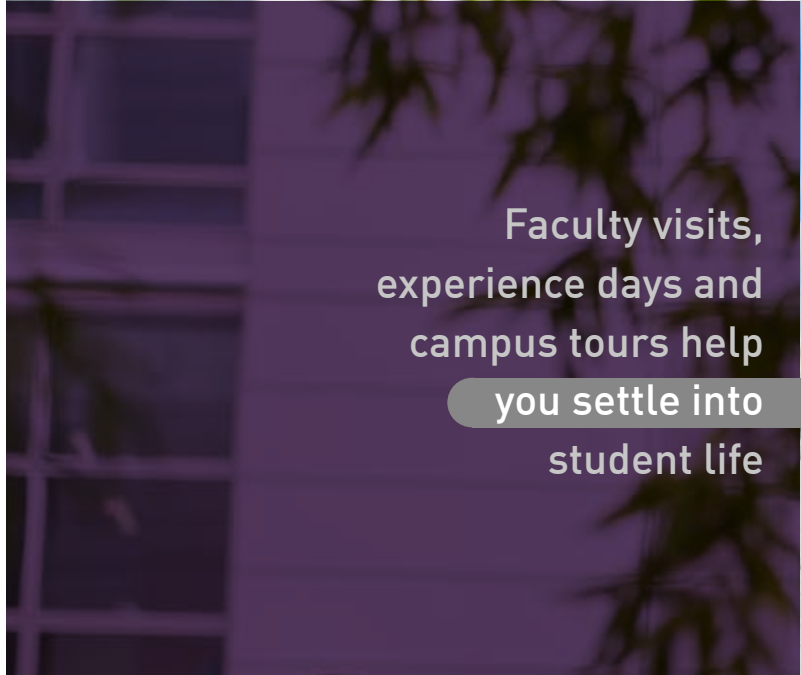

## Induction

The induction week at **ONCAMPUS** is one of the most important weeks in helping you to settle in. You'll meet new friends, pick up your timetable, meet your personal tutor and academic teachers, tour the centre and the university and sign up to sports and social activities

There's lots to do before your lessons start, and alongside the fun things there might also be a little bit of boring form filling too...

Voted by you for you, our student ambassadors represent the views of students and help shape and influence the student experience in collaboration with centre staff

Faculty visits, experience days and campus tours help you settle into student life

"I didn't expect Hull to be this good, I really like the University and the city. The teachers here are really helpful. If I have a problem I can speak to them and they never refuse to help. **ONCAMPUS** really helps to explain how university life will be, which gives me a head start as to what I can expect."

## Throughout the year

Our support before you arrive is just the beginning. Not only do you have access to all the standard things you'd expect – your own personal tutor, small tutor groups and our online academic platforms (such as Moodle) – you'll also find the following:

### Academic support

We'll make sure you stay on track with your study plan, meeting any targets and setting up additional academic support if you are struggling in any area.

### University integration
