# OUR UNIQUE APPROACH TO LEARNING

Understanding how our students learn is key to ensuring language development, which is why our specially designed K+ English language learning system is such an integral part of studying at Kaplan. Our team of experts has taken all the best elements of in-class learning and combined them with online tools and interactive group study. Through our K+ learning materials and the support of our dedicated and passionate teachers, you'll be able to improve your reading, writing, pronunciation, and comprehension skills. By following our plan, you'll be speaking English confidently before you know it!

## YOUR LESSONS

During lessons, you'll engage in highly effective exercises taught from our own exclusive course books, which are designed to keep classes interesting and challenging.

### OUR K+NOTES COURSE BOOKS

Our course books are dynamic, focused on interesting topics, and packed with exercises to help you practice speaking and listening while working on your grammar and vocabulary. And you don't have to follow them from start to finish – jump in at any point and you'll still be working on the same level as your classmates. Enjoy using them in class, then continue working at home with our K+tools online learning program. Each language level is made up of 5 books and students will receive a new course book every 2 weeks, or as they progress to the next level.

### PASSIONATE TEACHERS

Our fully qualified teachers are passionate about helping you reach your language goals. Working with so many students from around the world means that they are not only knowledgeable about how international students learn, but they're also there to make you feel comfortable and encourage you to become part of a global community. They will teach, support, and motivate you along every step of your English journey.

### INTERACTIVE WHITEBOARDS

Our interactive whiteboards are an amazing learning tool, allowing teachers and students to interact with English through technology. Access to videos and online resources bring the K+ learning materials to life; you'll also be learning about relevant and popular topics.

## ONLINE LEARNING

All Kaplan students have access to online practice tools to further boost their opportunities for improvement. You can use these tools in the school's study center or on your own tablet, computer, or mobile device. You'll receive your own profile and login, so every time you come back to your online account, you can pick up exactly where you left off.

### K+TOOLS

Complement your in-class lessons with access to level-appropriate online materials with K+tools. These materials are directly linked to your K+notes course books that you'll use in class and will give you additional examples to test yourself and solidify class lessons. You'll get instant feedback on your performance and progress.

### K+EXTRA

Improve even faster with our online K+eXtra self-directed study materials\*. Whereas K+tools builds on the materials you are discussing in class, K+eXtra gives you the opportunity for independent learning with access to entirely new grammar and vocabulary exercises. Make your learning fun with interactive questions, videos, audio examples, and assessment tasks. As you progress through the levels, discover modules dedicated to every language area of our K+ curriculum. Each module is split into Learn, Practice, and Test segments. You can also work at different levels in different skills, depending on your ability.

*\*K+eXtra is not available to students studying Vacation English.*

## BEYOND THE CLASSROOM

While you build important skills in class and through the online study tools, being surrounded by the English language will further help your language abilities and confidence to talk in English.

### K+CLUBS

In addition to your regular classes, there are also teacher-led study sessions that run throughout the week.\* Examine popular movies, focus on pronunciation, discuss literature, talk about sports, or explore many other fascinating topics while you practice skills learned in the classroom and make new friends. Topics may vary depending on your location.

### CONTINUE LEARNING WITH KAPLAN

Your English language journey doesn't have to end after your time at our school has drawn to a close. Once you've completed your studies, you may purchase continued subscriptions to K+tools and K+eXtra of either 3 or 12 months to continue to build on your English in the future.

*\*K+clubs are not available to students studying Vacation English.*

The K+ approach is highly effective because it has been developed to optimize the learning of English by applying research-based practices of feedback and group-based learning. The K+ in-class approach maximizes opportunities for students to use their new skills together and get feedback from well-trained teachers. Research also confirms learners need different amounts of practice, in part depending on where they start. K+tools allows students to practice as much as they need on their own, making their in-class and social activities more productive and enjoyable.

# MEET THE SCHOOL TEAM

Take a look at some of the friendly faces you'll encounter in our Kaplan schools; from teachers and principals to all those in between, these are the people responsible for ensuring our accommodation is comfortable, the activities program is exciting, and our students are happy in their day-to-day lives. We believe your transition into life at Kaplan should be a fun and rewarding experience, and our school staff is there to make that belief a reality!

**KATHERINE BRANNON**  
Accommodation Manager, Kaplan LA Westwood

"The most rewarding aspect of my job is helping our international students find their perfect 'home away from home' and sorting out any issues that come up. Our mission at Kaplan is to extend our services beyond just the classroom."

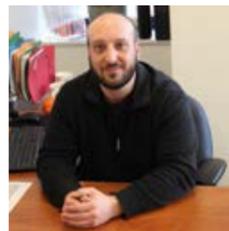

**GIULIANA SILVEIRA**  
Principal, Auckland

"I welcome all new students at orientation on Mondays and make sure they know who I am, they can come to me if they need anything! The most rewarding part of the job is that you not only see the improvement in their level of English but also in their confidence."

**LUKE WATSON**  
Social Program Manager, Liverpool

"It's my job to ensure all students get the most out of their experience and help them get to know their new home. Whether I'm dressed as cupid on Valentine's Day or flipping pancakes on Pancake Day, I make sure everyone is having a great time at the school."

**DAVID JAY**  
University Placement Service (UPS) Advisor, Boston Harvard Square

"The process of finding a higher education institution in an English-speaking country can be quite daunting. A UPS Advisor becomes a guide – we can answer questions and provide insight, inform the students exactly what they need to do, and help with the application process."

**ZAIDEY FANDEY**  
Social Program Manager, LA Westwood

"I'm in charge of the fun, but I can help with anything students may need; no question is too big or too small. And if I don't know the answer I will help find it. My advice for new students is to have the time of their life and don't be afraid to try new things."

**LAUREN RIVAS**  
Teacher, Miami

"I believe my job is not just to teach students English language competencies, but to also teach them about other cultures, and the world we live in. Students should take in what Kaplan's program has to offer, which is immense language and personal growth."

**WOUTER REDELINGHUY**  
Academic Manager, Seattle

"My job is to make sure that students achieve their academic goals and learn the most they can during their time at Kaplan. But I like to think of my job as someone who makes sure all students arrive and leave Kaplan with a smile."

**MARGARETTA DOMANSKA**  
Teacher, Cambridge

"I love the variety of cultures, beliefs, and learning about students' experiences. It's very interesting to see how people who speak different languages can come together in a classroom and discuss a range of issues in English."

**ADAM CLARK**  
Student Services Manager, Toronto

"I look after and organize all activities and tours. I get to hang out with the students outside of school in a social environment and show them that having an amazing experience and making new friends is a great way to practice and develop their English skills."

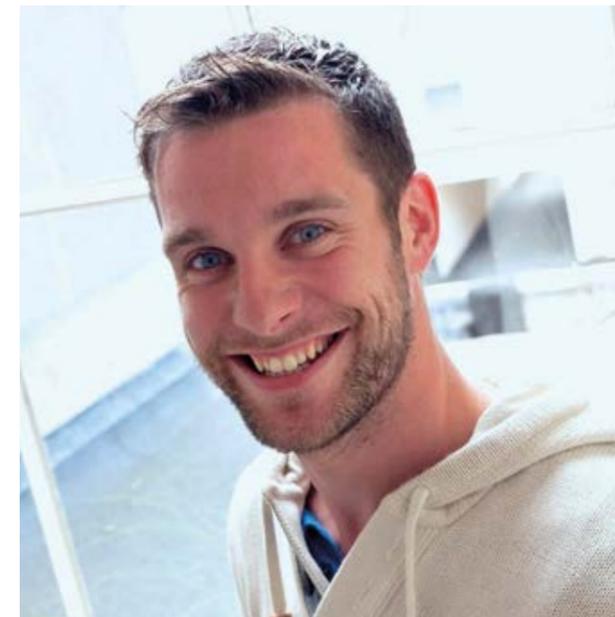

**LENA PURTU**  
Accommodation Manager, San Diego

"It's my personal goal to give students the confidence to come to me anytime they need support. The loving, life-long relationships created at Kaplan are priceless – our students leave Kaplan with academic achievement, open eyes, and full hearts."

**TINA BELTSOS**  
Principal, Melbourne

"My job is to ensure the smooth running of the schools for our students. From a student's first day to their last day, any questions relating to academics, accommodation, or personal problems – we are their home away from home."

This chart describes our different English levels so you can see where you might fit, and how you can advance. On arrival at your school, we'll give you a test to confirm your language abilities, and place you in the class that will best suit you. Regular progress tests during the course will then allow you and your teachers to measure your improvements and help you to advance to the next level.

\*Please note that 10 weeks per level is just a guide to average progress rates on an Intensive English course. We cannot guarantee an exact period of study over which specific language goals can be attained.

# STUDENT SUCCESS STORIES

English can open doors to an exciting job, an international career, opportunities for world travel, or further education at an English-speaking university. Here's how past Kaplan students have used their English studies to change their lives and shape their future.

*Brazil*  
**DÉBORA GOMES**  
 "I decided to learn English because I wanted to have the experience of studying in NYC and it was unforgettable. I'm now living in Connecticut and taking an online Civil Engineering course. I absolutely think English has helped me! I can now understand movies and series without subtitles, make friends easily, and talk about any kind of subject."

*Germany*  
**MARIS OKSCHE**  
 "After my time at Kaplan I got a new job at an international company and I've been working here for a year. I'm really happy. The English language really opens the door to a global world. I recommend that everyone should learn it."

*Angola*  
**ISAIAS MANDELE**  
 "I finished my first English course at Kaplan in 2015. Once in my country, I worked for a year, but thanks to the improvement in my English, my country decided to give me a scholarship to get my master's degree in the UK. In January 2017, I returned to Kaplan to take an IELTS preparation course before I applied to university later in the year. I would say that English has opened many doors to my future career. Even though I already had some qualifications, it was not the same without English. It's made it possible for me to become an ambassador for my country."

*South Korea*  
**MINGI KIM**  
 "I started studying English when I was serving in the military in South Korea. Actually, the reason I started studying was to get a job in Korea because companies normally require an English test score. As time went by, I found studying English interesting, and decided to learn in an English-speaking country."

MEET PAST KAPLAN STUDENTS AND FIND OUT HOW ENGLISH HAS CHANGED THEIR LIVES AND SHAPED THEIR FUTURES.

*Colombia*  
**DAVID CETINA**  
 "I took a sabbatical to improve my English. After finishing at Kaplan I decided to return to my country and look for better opportunities. I'm now working for one of the most important telecommunications companies in Colombia where I have to interact with people around the world in English. I'm also pursuing an online master's degree in information security; I will travel to the UK next year to receive my diploma."

*Italy*  
**CAMILLA BORRINI**  
 "My English course at Kaplan really changed my life. One year later, I'm living in Zurich, working for an American company – one of the biggest in the world in its field! Thanks to my improved English, I've had the opportunity to move abroad, advance my career and, most importantly, meet a lot of people from different countries and cultures – that's the most amazing part of speaking the 'language of the world'."

*Venezuela*  
**LAURA BOLIVAR**  
 "I decided to learn English because I wanted to improve my career as an actress and do stand-up comedy in the United States. I'm still living in New York and I'm starting to build my career. “Kaplan recommended I use the University Placement Service. They helped me apply for Douglas college in Vancouver where I am studying Hospitality Management. as it is related to my education in Korea. As I am allowed to work off-campus, I have been working in the local hospitality industry in different positions. I could work at many different hotels such as the Fairmont, Marriott, Vancouver Club, Delta, and so on. Looking back at how far I've come – from an English beginner to where I am now – it makes me smile.

”

Trisha Ko, South Korea

## ACCOMMODATION AND SOCIAL PROGRAM

# A GREAT PLACE TO STAY

Where you live while you study will make all the difference to the experience you have, the friends you make, and your sense of comfort and security. We know it's an important part of your decision. Kaplan is committed to finding the highest-quality student residences and homestays — those where you'll feel the most at home.

## WHY WOULD I LIKE A STUDENT RESIDENCE?

Living alongside other students is the perfect way to make friends and share ideas and experiences (as well as recipes!) from around the world. Most residences are self-catering, so it will be your choice to cook or eat out at the local restaurants and cafés. You can enjoy your independence as most locations offer options such as residences, apartments, or hostels with a choice of single, twin, or dormitory-style rooms.

## BE INDEPENDENT, MAKE FRIENDS

“ I LIVED WITH MY CLASSMATES IN A TOP CLASS RESIDENCE – YOU ALWAYS HAVE COMPANY AND YOU ALWAYS HAVE SOMETHING TO DO. AT THE RESIDENCE YOU CAN MAKE FRIENDS FROM ALL OVER THE WORLD, MANY WHO I'M SURE I'LL SEE AGAIN IN THE FUTURE. ”

Juan Jose, Mexico

## WHY WOULD I LIKE A HOMESTAY?

Living in a homestay gives you the chance to practice your English every day in a relaxed atmosphere and enjoy the warmth and comforts of a real home. You'll have breakfast and dinner with your hosts and fully immerse yourself in a new culture. All of our homestays are inspected to ensure they're comfortable and welcoming, and we choose hosts who are well-suited to caring for international students.

## FEEL WELCOMED, PRACTICE YOUR ENGLISH

“ MY HOST FAMILY WAS INCREDIBLE. THEY WERE INTERESTED IN US, ASKED QUESTIONS, WE WERE ABLE TO EAT WITH THEM, AND THEY PICKED US UP AFTER THE DIFFERENT OUTINGS. THEY REALLY TOOK CARE OF US AND MADE SURE THAT WE FELT COMFORTABLE. THIS ALLOWED US TO PRACTICE OUR ENGLISH EVEN MORE AND TO IMPROVE EVEN QUICKER. IN MY OPINION, LIVING WITH A FAMILY ONLY HAS ITS BENEFITS. ”

Chloé Truelle, France

Each day at a Kaplan school is a fantastic opportunity to enjoy the experience of learning abroad. Here's what your day might look like.

7.00-8.00AM

### GET STARTED!

Start your day with a nutritious breakfast. If you're living in one of our homestays, you'll be able to practice your English with your host family from the moment you wake up. In our residence, you'll be able to enjoy some breakfast with your roommates in the communal kitchen and practice English over coffee and toast.

8.00-8.30AM

### GO TO SCHOOL

Our homestays can be as little as a 30-45 minute commute, and public transport will be nearby. Travel like a local! It's a true cultural experience. All Kaplan residences are located close to school and public transport so it should be an easy trip. You may even be able to walk.

8.30-11.45AM

### CLASS TIME

We make sure your Kaplan classes are small and focused so you get the best chance to learn and interact with your teachers. You'll have 2 90-minute English classes and a short break where you can socialize. Examine fundamental skills like reading and pronunciation.

11.45-12.30PM

### LUNCH TIME

You can eat at the school or explore the local restaurants and cafés. It's a good opportunity to practice your listening skills, pick up conversational tips, and learn from the English speakers around you.

12.30-2.00PM

### SPECIFIC SKILLS

This is your chance to learn about the subjects that really interest you. Kaplan's Specific Skills classes cover a range of topics such as current affairs, literature, film, and many more.

2.15-3.45PM

### STUDY AFTER CLASS

\*You can study online with *K+tools* and *K+eXtra*, either at the study center at your school, or in your homestay or residence. In fact they are accessible online, on the move, and all the time.

\*In the US all lab work must be undertaken at the school.

3.45-6.00PM

### SOCIALIZE AND EXPLORE

No matter where you study you will always have time to enjoy the city you are in, explore the local surroundings, visit interesting sights nearby, or just go shopping. Take an afternoon trip with your classmates and try out the English you've learned in class.

6.00-7.00PM

### DINNER

Back at your homestay you can share a home-cooked meal with your host family and tell them all about your day – in English! At your residence you can try your hand at cooking, swap recipes with your roommates, or head to one of the many restaurants on your doorstep.

7.00-8.00PM

### EVENING ACTIVITIES

There might be a social event organized by the school, or you could just be ready to take it easy and catch up with family and friends back home. At your homestay you can relax and enjoy all the benefits of a comfortable family home for the evening. In the residence, you'll have time to chat with your roommates, exchange news, and prepare for another day of amazing experiences.
