Homestay Accommodation

Homestay

Our aim is to give our students the best possible English language-learning experience while enjoying British life and culture. We believe one of the best ways to do this is to live with one of our friendly and carefully chosen homestay providers.

TEG Colleges work directly with local residents to provide two main types of homestay accommodation:

Homestay Accommodation with meals

For most students coming from abroad to study with us, we recommend homestay accommodation. This is where you will be provided with your own room, use of facilities, a good breakfast and evening meal every day (with a packed lunch at the weekend) as well as natural speaking practice. We have a number of different homestay providers available.

Self-catering Homestay Accommodation

A less expensive option is Private Homestay accommodation. This is self-catering and it is perfect if you want more independence. This option is available to 18+ year old students.

All our homestay accommodation providers are inspected by TEG to ensure that they can provide the required service before we send any student to them. You are, of course, invited to comment at any time on the suitability of your homestay accommodation and homestay provider.

We can arrange **Airport Transfers** - please contact us for more information.

What will they provide?

- A warm welcome and conversation
- A warm, furnished bedroom with a bed, wardrobe and/or drawers, a desk (or somewhere you can study quietly)
- Laundry facilities, clean towels and bedding every week
- A bath or shower every day
- Only one student of each mother tongue per homestay provider (unless otherwise agreed)
